

## WEST STRATEGIC NEIGHBOURHOOD FORUM

**Day:** Thursday  
**Date:** 25 January 2024  
**Time:** 6.30 pm  
**Place:** Zoom

Item No.	AGENDA	Page No
1.	<b>APOLOGIES FOR ABSENCE</b> To receive any apologies for absence from Members of the Forum.	
2.	<b>MINUTES</b> To receive the minutes of the meeting of the West Strategic Neighbourhood Forum held on 12 October 2023.	1 - 6
3.	<b>BUDGET CONSULTATION</b> To receive a presentation from the Director of Resources.	7 - 14
4.	<b>CARERS STRATEGY</b> To receive a presentation from the Assistant Director, Adult Services.	15 - 24
5.	<b>HOW TO BECOME A FOSTER CARER</b> To receive a presentation from the Children's Services Consultant.	25 - 40
6.	<b>LOCAL PLAN</b> To receive a presentation from the Director of Place / Senior Planning Policy Officer.	41 - 58
7.	<b>SERIOUS VIOLENCE STRATEGY</b> To receive a presentation from the Assistant Director of Public Health.	59 - 84
8.	<b>FLU UPTAKE &amp; IMPACT OF DOCTORS STRIKES</b> To receive a presentation from the Assistant Director of Public Health.	85 - 90
9.	<b>DATE OF NEXT MEETING</b> To note that the next meeting of the West Strategic Neighbourhood Forum is scheduled to take place on 21 March 2024.

# Agenda Item 2

## WEST STRATEGIC NEIGHBOURHOOD FORUM

12 October 2023

Commenced: 6.30 pm

Terminated: 7:55pm

**Present:** Councillors Quinn (Chair), Axford, Cooney, Gwynne, A Holland, B Holland, Jones, Martin, Mills, Naylor, Ricci, Reid, M Smith, T Smith, Ward

**In Attendance:**

Julian Jackson	Director of Place
Emma Varnam	Assistant Director, Operations and Neighbourhoods
James Mallion	Assistant Director of Public Health
Sharon Smith	Head of Public Protection
Lee Holland	Head of Engineering Services
Damien Cutting	Economic Growth Lead
Bev Hursthouse	Regulatory Services Manager

**Apologies for Absence:** Councillors Boyle, Newton and Warrington.

### 7. MINUTES

#### RESOLVED

The minutes of the meeting of the West Strategic Neighbourhood Forum held on 27 June 2023 were approved as a correct record.

### 8. VACCINATIONS

The Chair welcomed the Assistant Director of Population Health, who attended the Forum to deliver a presentation on flu and covid-19 vaccinations for autumn-winter 2023/24.

It was explained that the flu and covid-19 vaccinations were available for those aged 65 and over as well as those who were considered to be clinically vulnerable. The flu vaccine offered varied slightly from year to year and was designed to protect against the type of virus that was likely to be circulating. Covid-19 booster vaccinations were being offered to those eligible to coincide with the flu vaccination programme.

The Forum was informed that NHS England set out the criteria for those who were eligible to be vaccinated and how the programme would work. The Population Health team at the Council then worked together to deliver the vaccines according to this

Members were advised that vaccinations not only provided individual protection but also made it harder for viruses to spread between people, including those who were more vulnerable and/or were unable to be vaccinated.

An overview of the seasonal flu vaccination uptake for 2022/23 was provided to Members and it was further explained that uptake had been lower among pregnant women and toddlers. The Assistant Director for Population Health advised that this was related to issues around access and a perception that the risk from flu was not as great among these groups.

To increase uptake among those groups where it had been lower, special sessions would be held for two and three year olds, and free soft play vouchers would be available in some areas. Pregnant women would be offered the flu vaccine at antenatal clinics and a flyer on covid-19 vaccine availability would be provided. A school and TMBC programme would also be available.

Members of the Forum were presented with plans for the 2023/24 autumn-winter vaccination and it was reported that the vaccines would be available in all four neighbourhoods. Primary care networks were leading on the covid-19 vaccine delivery and the flu vaccine could be obtained from practices and community pharmacies. Co-delivery of both vaccines was available for eligible groups.

To increase uptake among those groups where it had been lower, special sessions would be held for two and three year olds, and free soft play vouchers would be available in some areas. Pregnant women would be offered the flu vaccine at antenatal clinics and a flyer on covid-19 vaccine availability would be provided. A school and TMBC programme would also be available.

The Chair thanked the Assistant Director for Population Health for an interesting presentation.

## **9. JOINT HEALTH & WELLBEING STRATEGY AND LOCALITY PLAN**

The Forum received a presentation from the Assistant Director of Population Health in relation to the Tameside Joint Health & Wellbeing Strategy and Locality Plan.

An overview of the Joint Health & Wellbeing Strategy and Locality Plan was provided and Members were informed that this aimed to improve the health of residents and reduce the many inequalities that some communities in the borough faced. It also explained how these ambitions would be achieved by making commitments across the life course, including a focus on mental health & wellbeing, and then building back fairer, stronger and together to achieve these.

The Forum were informed that each local authority area was required to have a Health and Wellbeing Board (HWBB) and this had the responsibility for building a strong and effective partnership for Tameside, including the local authority, NHS and the voluntary, community, faith and social enterprise sector.

The Locality Plan for Tameside provided the vision for health and care services across the borough, aligned to the priorities in the Greater Manchester Integrated Care Partnership Strategy and Joint Forward Plan.

The Assistant Director for Population Health outlined the various aims for Tameside which included:

- Giving children the best start in life;
- Helping people stay well across the life course and detect illness earlier;
- Enabling all residents to grow old with dignity and independence;
- Helping people get into, and stay in good work;
- Strengthening communities; and
- Delivering healthy places with accessible and inclusive services.

A copy of the Strategy was available for both Members and the public to read.

The Chair thanked the Assistant Director of Population Health for the thought provoking presentation

## **10. HIGHWAYS AND POTHoles**

The Chair welcomed the Head of Engineering Services, who attended the Forum to deliver a presentation on Highways maintenance.

Members provided with an overview of Tameside's highway network and hierarchy. It was reported that the Council was responsible for a variety of infrastructure on Tameside's highway network and this included 73km of principal roads, 70km of classified roads, 615km of unclassified roads and 1,155km of footways. The Head of Engineering Services explained that the Council was also responsible for 48,126 gullies, 25,341 street lighting columns, 4,000 signs, 159 bridges and 304 retaining walls/structures.

The Head of Engineering Services explained the borough's road hierarchy and emphasised the importance of the hierarchy in terms of maintenance as this helped to establish where demand was and where resources could be best distributed.

It was explained that highway network was the Council's largest single asset and a valuation of the network was conducted each year which determined whether the network had improved or deteriorated and where money should be spent. Members were advised that the Council's highway network was currently valued at £1.4 billion due to depreciation of assets. The Head of Engineering Services emphasised the importance of the efficient use of resources used on asset maintenance.

The Head of Engineering Services explained the different areas of highway asset groups and how the Councils determined the condition of networks around the borough. Members were presented with an overview of the highway structures condition and it was explained 41.47% of structures were in a fair condition and the Head of Engineering Services assured Members the conditions of structures was regularly monitored.

In terms of street lighting, it was explained that the Council held an inventory of all assets with an electrical supply which assessed street lighting maintenance. Members were informed that the age profile on columns dictated the strategy for maintenance and structural testing was undertaken on a percentage of columns. Visual inspections and electrical testing were also regularly undertaken which assisted with the efficient use of resources within Highways.

Members were informed with regards to winter maintenance plans and it was explained that the team regularly monitored the weather forecasts during the winter months. There was two dedicated weather stations within Tameside which provided real time weather information and the team used this to determine the measures required. The team regularly undertook a pre-treatment during the winter months which treated 350 kilometres of the network with grit. This was based on a risk assessment which looked at the areas required treatment.

With regards to risk management, it was explained that regular inspections of the network were undertaken and interventions were based on a risk based approach. Members were advised that, 7,516 footway inspections and 7,118 carriageway inspections were undertaken last year.

The Chair thanked the Head of Engineering Services for an informative presentation and the continued work to maintain the borough's highway network in the face of diminishing resources.

## **RESOLVED**

**That the update presentation be noted.**

## **11. ENFORCEMENT PANEL ACTIVITY**

The Panel received a presentation from the Head of Public Protection in relation to recent enforcement activity by the Council. An overview of the functions undertaken by the Public Protection team was provided, and this included Food Safety and Food Standards; Trading Standards; Housing Enforcement; Environment/Waste Enforcement; Public Health; and Licensing.

Members were informed that the Council was required to have a Corporate Enforcement Policy and a draft of this policy was currently being updated. The Policy outlined how the Council enforced a range of legislation in a fair, equitable and consistent manner. It was intended to protect the public, the environment, consumers, and workers within the borough to meet their legal obligations, and take firm action against those who flouted the law or acted irresponsibly.

Details of the Council's Enforcement Panel were outlined to the Forum and it was explained that the purpose of the Panel, which met quarterly, was to:

- Provide overview, assurance and scrutiny of the wide range of enforcement activity undertaken across the Council by receiving reports from service areas in scope.
- Promote the enforcement activities of the Council's enforcement services throughout the borough.
- Provide cohesion for the Council's enforcement bodies.
- Provide integrated service provision and joined up planning across a range of enforcement activities with wider service providers, such as Greater Manchester Police.
- Deliver on strategic priorities, including increasing enforcement across Tameside.

A wide range of enforcement activity had taken place between March and September 2023 across the remit of Public Protection. A summary was provided to the Forum. Environmental Services had conducted an investigation at the Bake 'n' Butty Café following the installation of a petrol generator in the basement of the premises. A Health and Safety Notice was served and Tameside Magistrates Court imposed 100 hours of unpaid work, 20 rehabilitation days, £130 victim surcharge, £5,000 costs and an 18-week custodial sentence.

Members welcomed the successful prosecution at Tameside Magistrates Court of a Droylsden man for fly tipping. The magistrates imposed a fine of £500, victim surcharge of £50 and costs of £1,269. An Ashton woman had also been successfully prosecuted for waste dumped on Bentinck Street in the town. A fine of £112 plus £200 costs was imposed.

The Council had undertaken a number of successful Waste Enforcement Days of Action in Hyde Werneth on 15 March, St Peter's on 28 June, St Michael's on 12 July and Waterloo on 27 September. A total of 32 Fixed Penalty Notices (FPNs) were issued across these days of action. Members were keen that they were invited to days of enforcement activity.

It was reported that the Council's Licensing Panel had refused two applications for a taxi license as the applicants did not meet the standards of the Council's fit and proper person test.

In relation to anti-social behaviour, it was reported that the Council had received 178 reports between January and August. Twenty-one Public Space Protection Order tickets were issued, as well as four Community Protection Warnings and three Community Protection Notices.

Members and the public were encouraged to contact the Public Protection Team if any matters of concern arose.

## **RESOLVED**

**That the content of the presentation be noted.**

## **12. DROYLSDEN PLAN CONSULTATION**

The Economic Growth Lead presented before Members, providing an overview of the Droylsden Town Centre Masterplan.

Members were informed that Droylsden was strategically well positioned with transport links to the City Centre and the new Co-Op Live Arena and therefore the masterplan looked to capitalise on change within the City Centre. It was explained that given the growth in online shopping, out of town shopping centres, Covid-19 and the Cost of Living, it was important for town centres, such as Droylsden, to rejuvenate and reinvent.

The Economic Growth Lead explained that the Council had secured £100,000 GMCA Evergreen funding which would be used within the masterplan. It was reported that progress had been made in order to appoint a consultant team to prepare the masterplan for Droylsden. The Economic Growth Lead further reported that the masterplan process aimed to commence in November 2023, with a target completion date set for spring 2024.

The Forum were provided with the first stages of the Droylsden Masterplan which included:

- Understanding local priorities and ambitions;
- Issues;
- Opportunities;
- Evidence gathering;
- Consultation and engagement – surveys, website and drop in events

It was explained that the Droylsden Masterplan involved identifying opportunities for development and strategies for movement and connectivity. The Economic Growth Lead emphasised the importance of vacant units being brought back into use which aimed to rejuvenate and reinvent Droylsden. Officers would further look at the Public Realm Strategy and how this could be improved going forward. The Economic Growth Lead highlighted that no funding for delivery had been identified, however it was explained that interest would be gathered from different sectors throughout the masterplan process.

The Chair thanked the Economic Lead for Growth for an informative presentation and looked forward to receiving future updates on the masterplan.

### **13. DATE OF NEXT MEETING**

#### **RESOLVED**

**That the next meeting of the West Strategic Neighbourhood Forum is scheduled to take place on 25 January 2024, be noted.**

This page is intentionally left blank

# BUDGET 2024/25 & MTFS 2024/29

Neighbourhood Forum  
January 2024

# National Landscape and Challenges

- Nationally, Local Government is facing significant challenge, with a number of local authorities reporting acute difficulty in balancing their budgets with others being subject to Government intervention.
- For context, Local Government funding declined by almost one third between 2010 and 2021. A report to the Public Accounts Committee in February 2022 ([Local Government Finance system: Overview and challenges \(parliament.uk\)](https://www.parliament.uk/publications/2022/02/local-government-finance-system-overview-and-challenges)) found that Local Authorities' income was £8.4bn less in real terms than in the previous decade.
- Whilst recent settlements have been more reasonable, much of the funding was meant for the Adult Social Care reforms and an expectation Councils would raise more locally through Council Tax.
- In November 2023, the Chancellor of the Exchequer delivered the Autumn Statement. The Government described the Statement as one for growth, prioritising tax cuts for individuals and businesses. The announcements reducing Employees' National Insurance contributions from 12% to 10% and the reset of Local Housing Allowances to the 30th percentile in April 2024 are welcome for residents of Tameside given the cost-of-living increases since the COVID-19 pandemic. However, there was very little announced for public services.
- Following the Autumn Statement, the Office for Budget Responsibility (OBR) has revised its economic forecasts and updated its analysis for Local Government finance. The OBR is now forecasting that, nationally:
  - Locally financed expenditure, i.e. that raised through Council Tax and Business Rates will rise 21% over the 3 years to 2025/26 - £62.2bn to £75.3bn.
  - Councils will have to use reserves of up to £2.3bn to deliver balanced budgets to 2025/26. Before the Autumn Statement, the OBR did not forecast the use of reserves at all.
  - Local Government spending will fall from 5.0% of GDP today to 4.6% of GDP in 2028/29. In 2010/11, it was 7.4% of GDP.
- In the 18 years from 2000 – 2018, only 2 Councils issued a Section 114 notice. Since 2018 there have been 12 issued and many other Councils have stated that there is only so much resource left in the system.

Whilst the funding increases in the 2024/25 Local Government Finance Settlement are welcomed it still **does not replace the funding lost through austerity.**

↓ **£700**

Reduction per dwelling (real-terms) in Tameside since 2010-11

**18.9%**

Average reduction in English local authorities real-terms spending since 2010-11

**22.4%**

Reduction in Tameside's real-terms spending since 2010-11

**£318**

Reduction per head (real-terms) in Tameside since 2010-11

Page 6

The average cut per dwelling in England in real-terms since 2010-11 was £581. If Tameside had received the average cut it would be **£12.5m better off.**

**This has put an over reliance on locally raised taxes which passes the financial burden onto the local taxpayer.**

**Additional demand for services across the front line**

**Fragile markets for social care and housing supply**

**Increases in complexity of care needs in Social Care**

**Increasing numbers of young people with Education, Health and Care Plans**

**Increased contacts due to the economic environment**

**Digital Transformation**

# Budget Reductions

## Budget reductions proposals by Cabinet Member:

Cabinet Member	2024/25 £m	2025/26 £m	2026/27 £m	Total £m
Executive Member (Adult Social Care, Homelessness & Inclusivity)	(3.350)	(2.820)	(0.300)	<b>(6.470)</b>

<b>Total</b>	<b>(12.689)</b>	<b>(8.891)</b>	<b>(5.478)</b>	<b>(27.058)</b>

# Revised Budget Gap

## December 2023 MTFs:

	2024/25 £m	2025/26 £m	2026/27 £m	2027/28 £m	2028/29 £m
Net Expenditure Requirement	234.247	248.487	259.341	274.197	287.941
Resources	(234.247)	(236.107)	(240.122)	(243.952)	(248.124)
<b>Budget reductions to find - cumulative</b>	<b>(0.000)</b>	<b>(12.379)</b>	<b>(19.219)</b>	<b>(30.245)</b>	<b>(39.817)</b>
<b>Budget reductions to find - incremental</b>	<b>(0.000)</b>	<b>(12.379)</b>	<b>(6.839)</b>	<b>(11.026)</b>	<b>(9.572)</b>

This was the budget gap prior to the provisional Local Government Finance Settlement (LGFS): 2024 to 2025 published on the 18<sup>th</sup> December 2023.

Page 7

# Resident Engagement and Consultation

- Budget consultation went live on 19<sup>th</sup> December 2023.
- 193 responses as at 23 January 2024.
- The consultation will close on the 2nd February 2024.
- Consultation will help shape the priorities for the 2024/25 budget.

Page 13

**Budget Consultation**

[Tameside Council seeks your view on £39.82m budget challenge](#)

## **Next steps 2024:**

- **2 February 2023 – Big Conversation Closes**
- **14 February 2023 – Executive Cabinet**
- **27 February 2023 – Budget Council**

Page 14

## **Next steps 2024/29:**

- **Rolling consultation with Cabinet Updates**
- **Greater use of Neighbourhood Forums**
- **Increased Member Engagement**

*“Supporting you, while you support your loved ones”*

[Click here to view our strategy](#)

# Who is a Carer?

A Carer is a person who provides informal and/or unpaid support to a partner, family member, friend or neighbour who is ill, struggling or disabled and could not manage without this help.

This is distinct from a Care Worker, who is paid to support people. For this strategy, we will use 'Carer'.

Page 16

# The Voice of Carers

Throughout 2022 – 2023, we consulted with Carers across Tameside to understand what is most important to them.

Page 17

In your assessment we asked you about your caring and role and how our service can support you.

We asked for feedback about our service and how we can improve what we do.

In January we started **Carers Coffee Mornings**, this has been a great way for us to consult with a wide range of Carers by using feedback forms, flip charts, group and 1-1 conversations. This gives us the chance to hear about your experiences and how our service can meet your needs.

The **Carers Forum** is a chance to come together and have a voice in the service development, priorities, and impact. We look at everything from Carers experiences to the leaflets we provide.

We worked with an **independent research consultancy** firm. They developed 1-1 and group interviews with Carers to talk about being a Carer in Tameside. The research talked about the priorities and the vision that Carers felt were most important to them.

**Feedback forms** in the Carers Centre and in Carers Packs ask you about what would help you the most and what you know about the service.

**The Big Conversation** is an online survey that enabled you to look at our proposed visions and priorities of the strategy. This gave you the chance to look back on the consultation work and confirm if this work was meeting the right priorities.

LIVING WELL AT HOME

Tameside  
**Carers  
-Centre-**

**Tameside**  
Metropolitan Borough

# Our Vision for adults...

We all want to live in the place we call home with the people and things that we love, in communities where we look out for one another, doing **things that matter to us.**

# What matters to Carers?

## 1. Identifying and Recognising Carers

'I didn't realise as I was a Carer, I was just doing what I had to do to take care of my loved ones'.

## 2. Carers as real and expert partners

'It's important that Carers are listened to, we know the person we are caring for inside out and often know when there are changes in their health'.

## 3. Supporting Carers to stay health and well

'Helping Carers to have a social life access opportunities for training and education and getting them the right support and information at the right time. Helping Carers to network with each other if they wish to'.

## 4. Getting the right help at the right time

'I didn't know about Carers support, when I started Caring and I wish that I had have done as it would have really helped at the beginning'.

## 5. Younger Carers

'Supporting young carers in their educational settings. School settings to be more aware of situations that young carers face on a day-to-day basis. Reasons they could be late for school. Reasons why they might be disengaged in their learning. Taking Young Carers feelings into consideration and looking to support them to reduce their worries'.

## 6. Carers in/into employment and training

'Often Carers find it difficult to be employed due to the number of appointments and inflexibility of employer's or hospitals'.

# Tameside Carers Centre

- Offers emotional support, advocacy, advice, guidance, advocacy and signposting
- A daily Carers drop-in service 10am – 2pm at the Carers Centre
- Local Hubs
- 1-1 Support / Welfare Calls
- Monthly Coffee Morning, Carers Activities
- Carers Forum
- Events Carers Rights Day / Carers Week
- Carers Courses

Page 20

**SUPPORT FOR CARERS** 

**Who is a Carer?**  
A Carer is someone who looks after a loved one who cannot manage at home without the Carers help. Many people are employed to provide paid formal care, but when we talk about Carers here, we mean those who provide unpaid and informal care for a loved one.

**Tameside Carers Centre** offers a safe environment for Adult Carers to access practical and emotional support.

- Help with Carers Assessments to see how we can help you and the person you care for.
- Advice on benefit entitlements such as Carers Allowance.
- Signposting to support services, advice, and advocacy.
- Staying connected by giving you regular updates with events, via our newsletters and Facebook page.
- Help to access Radar Keys, Message in a Bottle and Tameside Emergency Cards (TEC).

**Drop-in Support**  
**Monday - Tuesday** 10am - 2pm  
**Thursday - Friday** 10am - 2pm

There's no need to book but please contact us if you would prefer to schedule a time.

Professionals can also refer by directly contacting the Carers Centre.

**Monthly Coffee Mornings** take place 10am to 12 noon on the last Tuesday of every month. Come along to chat with our Wellbeing Advisors and other Carers over a brew and access support.

**Shape our Service!**  
We are always looking for ways to include you in improving our service. If you have any feedback for us, please let us know in person, email us or give us a call.

**Tameside Emergency Carers (TEC) Card**

**Peace of mind for Carers in an Emergency**

By carrying a Tameside Emergency Carers (TEC) card in your purse or wallet, you can have peace of mind that if anything unexpected was to happen to you, such as an accident or being taken ill, help can be arranged for the person you care for as well.

The card has the 24 hour emergency contact number for Tameside Control (our 24 hour call centre) and a unique serial number to identify you as a Carer.

**When is the TEC Card used?**

The card is ONLY used in an Emergency. The scheme does not cover situations where a Carer can use a telephone and make alternative arrangements themselves.

# How can our Carers get support?

Carers can be referred by partner agencies, services within Tameside Council or carers can self-refer.

**Find the Tameside Carers Centre at:**

The People Place @ Tameside One  
Market Place  
Ashton-Under-Lyne  
OL6 6BH.

[Carers Centre Facebook](#)

The Carers Centre can be accessed via Warrington Street or Ashton Library

# Next Steps

- Develop a delivery plan for implementation of the Strategy
- We plan to work with our partners across Social Care, Health and VCSF to do this
- We will continue to check back with Carers and ask them to have a voice in our work.
- We will feedback to Carers annually on our progress to deliver this strategy.
- LAUNCH – MARCH 2024!

Page 23

# Any Questions ?

Thank you

# Foster for Tameside

Agenda Item 4

FOSTER FOR TAMESIDE  
CHANGE A LOCAL CHILD'S LIFE

# What is fostering?

Fostering for Tameside Council means you are helping children in your local area. We are not-for-profit and our locally based carers help keep children close to their existing schools and support systems. Fostering is a fun, flexible, challenging and rewarding role where you as a carer can make a real difference to Childrens' lives. The reasons children come into care vary widely, including a parent's short-term illness or another temporary problem within the family. Some children may have witnessed domestic violence or a parent's depression or drug or alcohol abuse. Others may have been abused or neglected. Each child's circumstances and needs are unique.

## Could you foster?

Every year, tens of thousands of children across the UK need foster carers while they can't live with their own families. That means thousands of new foster carers are needed every year. Could you be one of them?

# What is the role of a foster carer?

- By becoming a foster carer you will be providing a nurturing and welcoming environment where children and young people will be safe and have a place to call home.
- You will be giving them the opportunity to grow and develop to reach their full potential, by helping to ensure that their emotional, health and educational needs are met.
- The challenging backgrounds that many cared for children and young people have experienced means they may find it hard to build relationships. With support, patience and reassurance, you can help a child or young person to build their self-esteem and confidence.
- Fostering today involves working closely with others involved in the welfare of the children you are caring for.
- Foster carers work closely as a team, not only with professionals but also form a strong support network with each other.
- All cared for children and young people have a care plan and as a foster carer, you will be asked to attend meetings and reviews to talk about their wellbeing.
- Our children come from diverse backgrounds with different life experiences. Your role will be to help a child understand and feel positive about themselves.
- We try to provide placement choice for children and foster carers so that children can be matched with a loving and nurturing family and achieve their potential.

# Who can foster?

Children and young people need foster carers from all backgrounds with a wide range of life, work and care experiences. All foster carers are given ongoing training and support to develop the skills they need to help children thrive.

Just as no two children are the same, foster carers need to come from a variety of backgrounds and have different life experiences, skills and qualities to help meet the needs of children and young people in foster care. You can be a foster carer without having any specific qualifications, and you don't need to have children of your own. What's important is that you can support, nurture and care for children who cannot live with their own families. There is no typical foster carer, and we welcome applicants from all backgrounds, nationalities, religions, genders and ages. The most important thing is that you care about the welfare of children and young people and want to help them achieve stability in unsettling times. You will have the skills to work as part of a team and can relate well to children and young people, making them feel like part of the family.

*"It's the whole family that fosters, not just the foster carer. It is so important to make the child feel like a part of your family from the start, no matter how long they are with you for"*

- Jo, Tameside Foster Carer

# What are the different types of fostering?

- **Short-term fostering-**

Short-term emphasises that the child will one day move on, either back to parents/relatives or on to a long-term foster/adoptive placement. It is a very special and important role which may involve working closely with parents to improve their relationship with the child, working with children's behaviours and needs, or preparing a child for a move to a permanent home. These types of arrangements range from looking after children from one night to a number of months, and sometimes longer. They can sometimes be adapted to long term foster care if the match between child and carer is deemed to be good.

- **Long-term fostering –**

We talk about long term foster care when the plan for the child is that they cannot live with a family member. Therefore we need a foster placement that can care for them for the duration of their childhood and into adulthood. Placements of this nature often involve teaching the children selfcare skills so that they can move onto independence in a positive way.

- **Respite fostering –**

Sometimes parents and carers need regular breaks, maybe because they have health problems, or because their child has complex needs and it takes a lot of energy to care for them. Respite means that a child is placed with a foster carer for a short period of time and this may occur on a regular basis. Within Tameside there is a Family Link Scheme for the families of children with a disability. This means that we link the child with a specific carer who will look after that child for a series of short breaks (maybe one weekend a month). Often this service will be provided on a regular basis for some years and the respite carer becomes a vital part of the support network for that child and their family.

- **Supported lodgings scheme –**

Tameside also runs a supported lodgings scheme for young people aged 16 and over.

# The journey to becoming a foster carer:

- **Step 1- Initial Enquiry**

Complete our online enquiry form at [www.tameside.gov.uk/fostering](http://www.tameside.gov.uk/fostering) or call 0161 342 2342 or you can also make an enquiry via council's social media platforms. Once the enquiry is received, our Recruitment Officer will give you a call to find out a little about you and chat through any questions you may have, take some details, and send you an information pack.

- **Step 2 - Registration of Interest**

If you are keen to progress your enquiry, you can ask to be assessed to foster by the service. Our Recruitment duty officer will have arranged a follow-up call with you, where you will have the chance to ask any further questions and if you are happy, they will conduct a telephone screening which takes around 30 minutes to find out more about you, your family & home life and your motivations to foster.

- **Step 3 – Initial Home Visit**

Once you have registered your interest with us then a fostering social worker will arrange a convenient time to visit to your home, to meet you and your family, discuss your plans to foster and to explore your lifestyle. The Social Worker will also view your accommodation and the proposed room for fostering. They can also answer any questions you may have about the children and the fostering process. You can then take some time to decide whether fostering is right for you.

Cont.

- **Step 4 – Pre-Approval Training**

You will have had some time to think and hopefully will decide that fostering is right for you. If you need any more information, we are here to support you every step of the way. We will then invite you to attend our Skills To Foster training course. This aims to prepare you for the fostering role, and you will have the chance to meet other applicants too.

- **Step 5 - Application Form**

On completing Skills to Foster, you will then complete a fostering application form which details yours and your family's information, details about your home, any employment and references. There will also be some other forms such as consent so we can complete mandatory statutory checks e.g. police and medical checks.

- **Step 6 – Fostering Assessment**

This stage involves an allocated assessing social worker visiting you at your house for about 6-8 times to get to know you, your family and any frequent visitors to understand whether you can offer a child a secure, safe and stable home atmosphere and meet the child's overall needs. The fostering assessing social worker then writes a detailed report based on the information gathered and observations, outlining your skills and attributes and recommending as to whether you are suitable, and for which type of fostering. You will have the opportunity to read the assessment report and add your own comments too.

- **Step 7 - The Fostering Panel**

Your detailed report will then be presented to the fostering panel who will consider your suitability to foster. You will attend the panel with your assessing social worker. The panel is made up of members with relevant qualifications, those who have experience working in fostering and adoption, and some members may have spent time in foster care themselves. The panel will ask you and the service any questions they may have, and then the fostering panel will make a recommendation about your approval to the fostering service i.e to the Agency Decision Maker, who considers their recommendation to reach a decision. You will then receive a letter to confirm your approval. If you haven't been approved, your assessing social worker will explain why, and there may be a chance to reapply in the future.

On average, the journey to approval can take around eight months from your first enquiry. This can seem like a long time, but Tameside fostering service need to make sure you are suitable, and prepare you as best as possible, to foster a child or young person in your local community.

- **Step 8 - Matching and Placement**

After you have been approved as a foster carer, the fostering team will contact you to discuss your first placement. We will work closely with you and your family to ensure the placement is the right match for you and for the foster child. We offer ongoing training and development, so you can continue to grow your skills as a foster carer. You will also receive ongoing support and guidance from your supervising social worker.

# What sort of support will I receive?

- **Supervising Social Worker –**

After you are approved, you will be assigned a supervising social worker who will make frequent visits to your house. They will provide ongoing support and guidance to you and your family throughout your time as a foster carer and will be in hand to give advice and help with any concerns or worries you may have. Every child who is cared for by Tameside Metropolitan Borough Council will also have their own social worker who works closely with the child and their family. They will make frequent visits to check on the child's progress and will be able to offer advice and guidance to you too. You will be expected as a foster carer to keep records about a child's placement and attend meetings where you will discuss the child's plans and expected to advocate and actively work as part of a team around the child.

- **Support Groups –**

Fostering service will run regular support groups for you to attend, where you can discuss any concerns, issues or worries with other foster carers, who will share their experiences and offer reassurance and advice when you need it. There are also specific support groups for babies and children with additional needs so you can attend the groups that best fit yours and the child's needs. You can attend more than one support group; Everyone is welcome, and the emphasis is on teamwork and supporting you and the children in your care as best we can.

# What sort of support will I receive?

- **Training & Development –**

When you become a foster carer, you are required to complete the Training, Support & Development Standards (TSDs) within the first 12 months of becoming approved, or 18 months for Connected Carers. At Tameside, we offer an extensive programme of training, developed with the help of foster carers and professionals which is formed of both online training and in person sessions. There are courses for all foster carers, and more tailored courses to enable carers to develop specific skills, for instance with teenagers, babies, or children with additional needs and disabilities. Courses are run by our Fostering Managers with social workers, external professionals on specialist subjects and existing foster carers to give you the most informed and interactive sessions from experienced professionals and carers. Courses are held during the day with some in the evening to ensure all foster cares have the opportunity to attend.

- **Buddy System –**

After you are approved, you will be paired up with an experienced carer who will provide you with support, advice and guidance in your new role. You can contact your buddy, your social worker, or the out of hours team should you need to, so you are never on your own.

- **Fostering Network-** Once you become a foster carer with Tameside, you will receive an automatic membership with Fostering Network, where you can avail further training, guidance, advice and support.

# Fostering Allowances

- **Weekly Payments** - All foster carers receive a weekly allowance which is paid every fortnight, and is made up of two elements:
  - An allowance based on the age of the child
  - An allowance based on your skills level as a foster carer

Foster Carers can work toward moving up the skills levels, with more experience fostering, by supporting with fostering recruitment activities and also by attending our training courses to further develop their skills.

- **Other Allowances** – Foster Carers will also receive an annual allowance to cover the cost of birthday, holiday and festivities.

In some cases, for instance when a child has additional needs, further allowances may be available to foster carers. This will be considered on a case-by-case basis to ensure carers are provided with the right level of support to meet the child's needs.

Carers are advised to register as self-employed with HMRC and allowances are tax-free. Any income support will not be affected as allowances received from fostering are not taken into account, although jobseekers allowance may be affected so we advice to check this if it applies to individuals or not.

# Fostering Myths:

## I am too old/young to foster-

If you are over 21 you can enquire about fostering, and there is no upper age limit. As long as you are fit and healthy enough to care for a child, that is the most important thing. We have carers in their 60s and 70s who bring some great experience to their foster care roles, so don't count yourself out.

## I am single so I can't foster -

It makes no difference whether you are single, in a relationship or married, you can still foster. Many children benefit from the 1-1 support that a single foster carer can offer, so please don't be put off if you are single and want to enquire.

## I have pets so I can't foster -

You can still foster if you have pets. Many children benefit from having an animal to look after. Pets can be a real source of comfort for children and can also teach responsibility. Don't see this as a barrier to fostering, we actively welcome applicants who have pets.

## I am gay so I can't foster -

It does not matter whether you are Lesbian, Gay, Bisexual and Transgender (LGBTQ+) single, in a relationship, civil partnership, married, divorced or widowed, There are no barriers to fostering based on sexuality, gender or relationship status.

# Fostering Myths:

## I work so I can't foster –

While we encourage the main carer to take on fostering fulltime, there may be chance for you to work part-time or in a flexible role, it would depend on your individual situation. Carers each have individual circumstances that we would be happy to discuss with you, if you feel you have the time to care for a child or young person and have a caring, nurturing and safe home, then please come and talk with us.

## I don't have my own children so I can't foster –

When anyone becomes a parent for the first time, there is a big adjustment period, with every child having individual needs that require different types of care. This is the case for both birth parents and foster parents, and both take time to adjust to their new role. It may be that you have valuable experience caring for friends' and family's children, or through work e.g. if you have been a nursery nurse or a midwife. This should not stop you to enquire and have a chat with a member of Tameside Fostering Team.

# Get in touch: contact our friendly team for an initial chat today:

*"fostering has changed my life in every possible way.... to anyone considering fostering, go for it! - I did and haven't looked back"* Tameside foster carer

Foster carers can make a real difference to children's lives - and that's a hugely rewarding job!

Tameside is actively recruiting foster carers and have a referral bonus scheme, where we provide £300 upon first placement.

- TOWN CENTRE REGENERATION SUPPORT**  
£40m Ashton  
£20m Stalybridge  
Elm Br. & Miffledale Homes fund
- FAST TRACK PLANS**  
Hyde, Droylsden, Stalybridge, St Petersfield, Ashton
- 130 takeaways per 100,000 residents in Tameside**
- 2 centres currently have Primary Shopping Areas**

**CENTRES**

**PLANS NEED TO:**

- Support the role of town centres as the heart of the community;
- Plan for positive growth and long-term vitality and viability;
- Allow diversification in a way that responds to market changes; but that respects their distinct character;
- Allocate a range of sites for town centre development where growth is anticipated;
- Recognise the role of new homes, and people in town centres alongside the role which smaller scale local shops and services play as part of local communities away from town centres.

**Serious Violence Duty**  
Preventing and reducing serious violence

# Working Across Greater Manchester

Tameside partners work closely with the GM Violence Reduction Unit (VRU) who have produced a Serious Violence Strategy for Greater Manchester.

Page 61

The Duty encourages a 'public health approach' which has been done for GM and Tameside

# Defining Serious Violence in Tameside

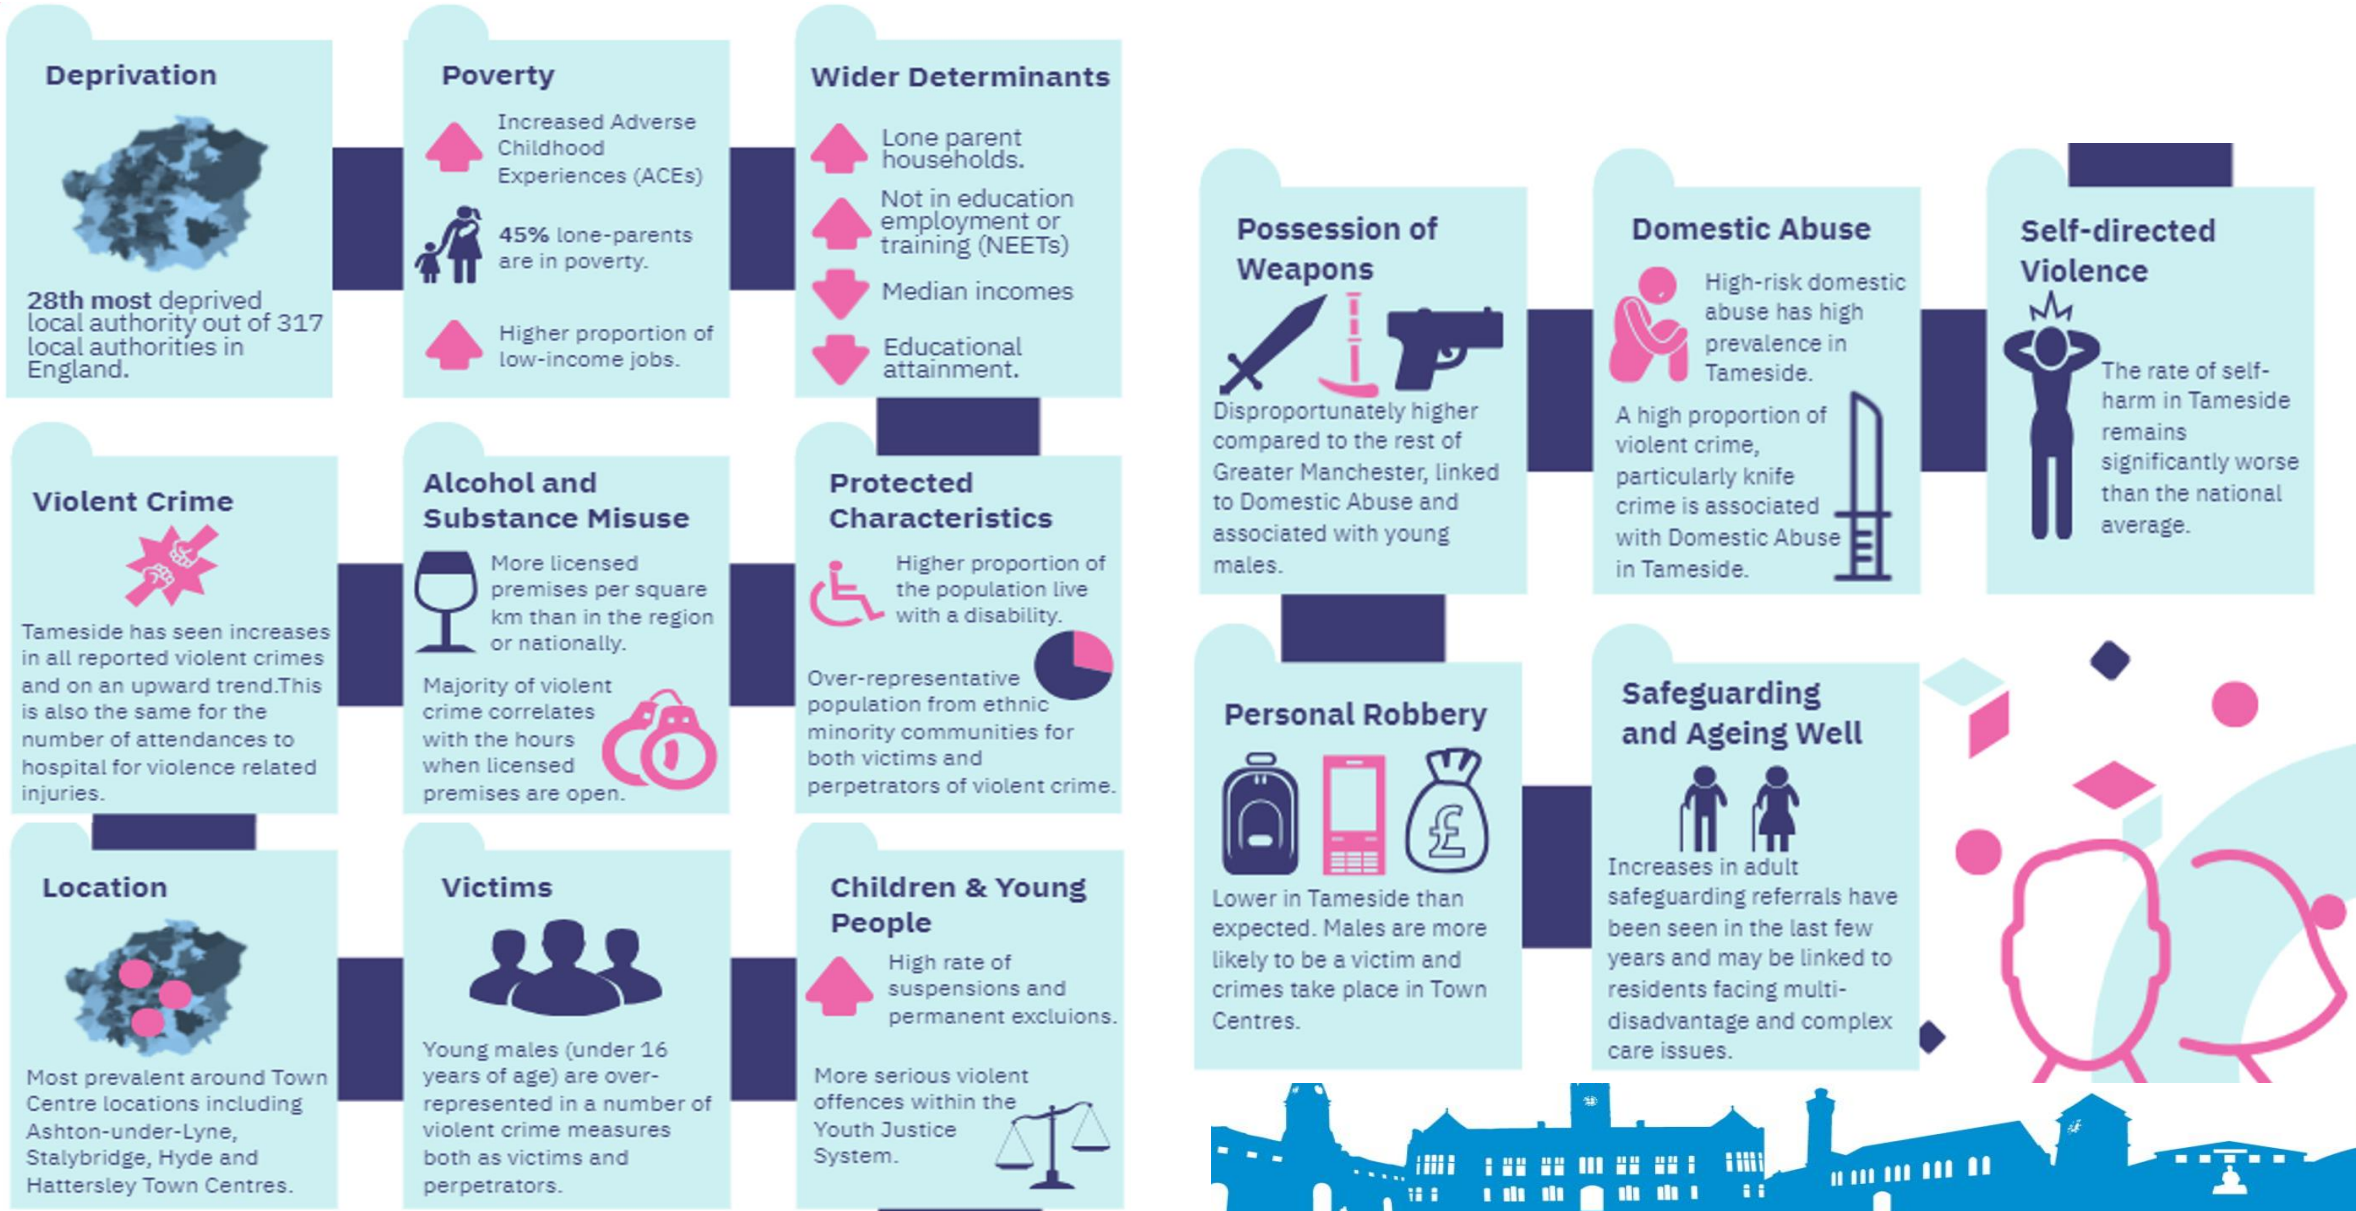

**Serious violence is the intentional use of physical force or power, threatened or actual, against oneself, another person, or against a group or community that either results in or has a high likelihood of resulting in injury, death, psychological harm, maldevelopment, or deprivation.**

*World Health Organisation*

# Serious Violence in Tameside

# Priorities for Tackling Serious Violence in Tameside

*(under each of these are between 3 and 7 'We will...' statements and objectives)*

**Priority 1: COMMUNITY-LED APPROACH**

**Priority 2: EARLY AND TIMELY INTERVENTION**

**Priority 3: PARTNERSHIPS FOR CHANGE**

**Priority 4: EQUALITY, EQUITY AND JUSTICE**

**Priority 5: TRAUMA RESPONSIVE SUPPORT FOR COMMUNITIES IN TAMESIDE**

# Next Steps

- The strategy for Tameside will be led by the Community Safety Partnership
- Developing an action plan to deliver the Tameside Serious Violence Strategy 2024-2029
- Changes to the services we provide and the work we do (from the evidence in the needs assessment; making sure we meet the priorities and commitments in the Strategy)
- Ongoing conversations and involvement with people living in Tameside, especially those affected by violence

This page is intentionally left blank

# Tameside Serious Violence Strategy 2024-2029

Page 67

# Foreword

Welcome to Tameside's Serious Violence Strategy, which describes the work that will take place in the coming years to reduce and prevent serious violence across the borough.

This document describes some of the key issues around serious violence in Tameside, including who is at greater risk. It also sets out the priority areas of work across partner agencies to tackle these issues.

Tameside's Serious Violence Strategy makes commitments across all of the specified authorities, to take long term approaches to tackle the root causes and risk factors of serious violence. Preventative and early-intervention approaches will be central to this, alongside ensuring ongoing conversations with communities across Tameside to inform the approaches being taken.

This strategy outlines some of the key issues around the extent of serious violence in Tameside and the priority interventions and steps needed, working with communities, to both prevent and respond to incidents of serious violence in Tameside to meet the Serious Violence Duty.

My thanks to all partners responsible for delivering this strategy and meeting the Serious Violence Duty across Tameside. I look forward to working with you all over the next few years to prevent many of the serious violent offences we see today, and their consequences, by intervening early and taking preventative approaches.

**Councillor Vimal Choksi MBE**  
Executive Member (Towns and Communities)

**The Serious Violence Duty requires the following specified authorities within a local government area to collaborate and plan to prevent and reduce serious violence**

## **Police**

- Chief Officers of police for police areas in England and Wales

## **Justice**

- Probation Services
- Youth Offending Teams

## **Fire and Rescue**

All fire and rescue authorities operating in England and Wales

## **Health**

- Integrated Care Boards in England

## **Local authorities**

- A district council
- A county council in England.

# Introduction

## **This Serious Violence Strategy for Tameside explains the steps that will be taken across the borough to reduce and prevent serious violence over the next five years.**

There are a group of ‘specified authorities’ which are responsible in every area for developing and delivering this strategy. In Tameside, these are:

- Tameside Council
- Greater Manchester Police (GMP)
- Greater Manchester Fire and Rescue Service (GMFRS)
- Probation Services
- Youth Offending Services
- NHS Greater Manchester Integrated Care Board (NHS GM ICB)

In January 2023, the Government introduced a statutory duty, known as The Serious Violence Duty. This requires “specified authorities for a local government area to work together and plan to prevent and reduce serious violence, including identifying the kinds of serious violence that occur in the area, the causes of that violence, and to prepare and implement a strategy for preventing, and reducing serious violence in the area”.

This new duty for local areas is part of the government’s Serious Violence Strategy, which was published in April 2018 in response to increases in knife crime, gun crime and homicide across England. The strategy calls for local partners to work together across different sectors including the police, local authorities, health services and the voluntary sector to adopt a multi-agency approach to reduce serious violence in their area, which is further reinforced by the new Serious Violence Duty.

The Serious Violence Strategy for Tameside uses a public health approach to tackling serious violence by treating this as a preventable health issue and identifying and addressing the root causes and risk factors. This approach shifts the focus from solely law enforcement and criminal justice responses to a broader range of issues including social, economic, and environmental factors. Tameside’s Serious Violence Strategy has been developed in partnership with Greater Manchester’s Violence Reduction Unit and is designed to complement the Greater Manchester Greater Than Violence strategy. The priorities and approaches that have been put forward are also evidence based, drawing on the findings and recommendations in the 2023 Serious Violence Strategic Needs Assessment for Tameside.

Nationally, serious violent offences make up around 1% of all crime recorded by the police. However, these offences cause some of the most serious harms to individuals, communities and societies. Violence and fear of violence can affect every member of Tameside’s communities and occurs in multiple scenarios, contexts and situations.

# Defining Serious Violence in Tameside

Page 72

Serious violence is the intentional use of physical force or power, threatened or actual, against oneself, another person, or against a group or community that either results in or has a high likelihood of resulting in injury, death, psychological harm, maldevelopment, or deprivation.

*World Health Organisation*

## Tameside's Definition and Scope

Adopting the same definition as the World Health Organisation; in Tameside the agreed definition of serious violence is, "...the intentional use of physical force or power, threatened or actual, against oneself, another person, or against a group or community that either results in or has a high likelihood of resulting in injury, death, psychological harm, maldevelopment, or deprivation." (WHO, 2002). It has been agreed that the following crime types should be included in the definition of serious violence within Tameside: self-harm and suicide, all homicide types, violence with injury, weapon-related crime, personal robbery, modern-slavery, domestic abuse, sexual violence and violence against women and girls.

Whilst this strategy and the Tameside Serious Violence Needs Assessment encompass the above crime types, it should be noted that, given the broad scope of issues within this strategy, there are links to the following Tameside strategies throughout both documents, which focus on related topic areas in more detail:

- [Joint Health & Wellbeing Strategy and Locality Plan 2023-2028](#)
- [Domestic Abuse Strategy 2021 - 2026](#)
- [Community Safety Strategy 2021 - 2025](#)
- [Tameside Suicide Prevention Strategy 2019 - 2023](#)
- [Building Resilience Tackling Poverty in Tameside 2023-2027](#)

This strategy aligns to the ambitions of the above strategies and the ongoing monitoring, progress and governance which sits around these.

## Greater Manchester Violence Reduction Unit

The Greater Manchester Violence Reduction Unit (VRU) has taken a lead role across the Greater Manchester region in work to reduce violence and tackle serious violence. In 2020 the VRU published an action plan for tackling serious violence in GM, however in light of the new Serious Violence Duty, the VRU has recently undertaken a strategic needs assessment of serious violence and has published a new serious violence strategy for Greater Manchester - Greater Than Violence: A ten-year strategy for preventing and reducing violence. This strategy sets out five key principles and a series of commitments under each, to harness opportunities to prevent and reduce serious violence across the wider Greater Manchester system.

The partnerships in Tameside and the specified authorities within the borough work closely with the GM VRU, and this strategy aligns closely to the GM strategy, while also highlighting the specific areas of focus for Tameside.

## Governance for the Partnership Approach to Serious Violence in Tameside

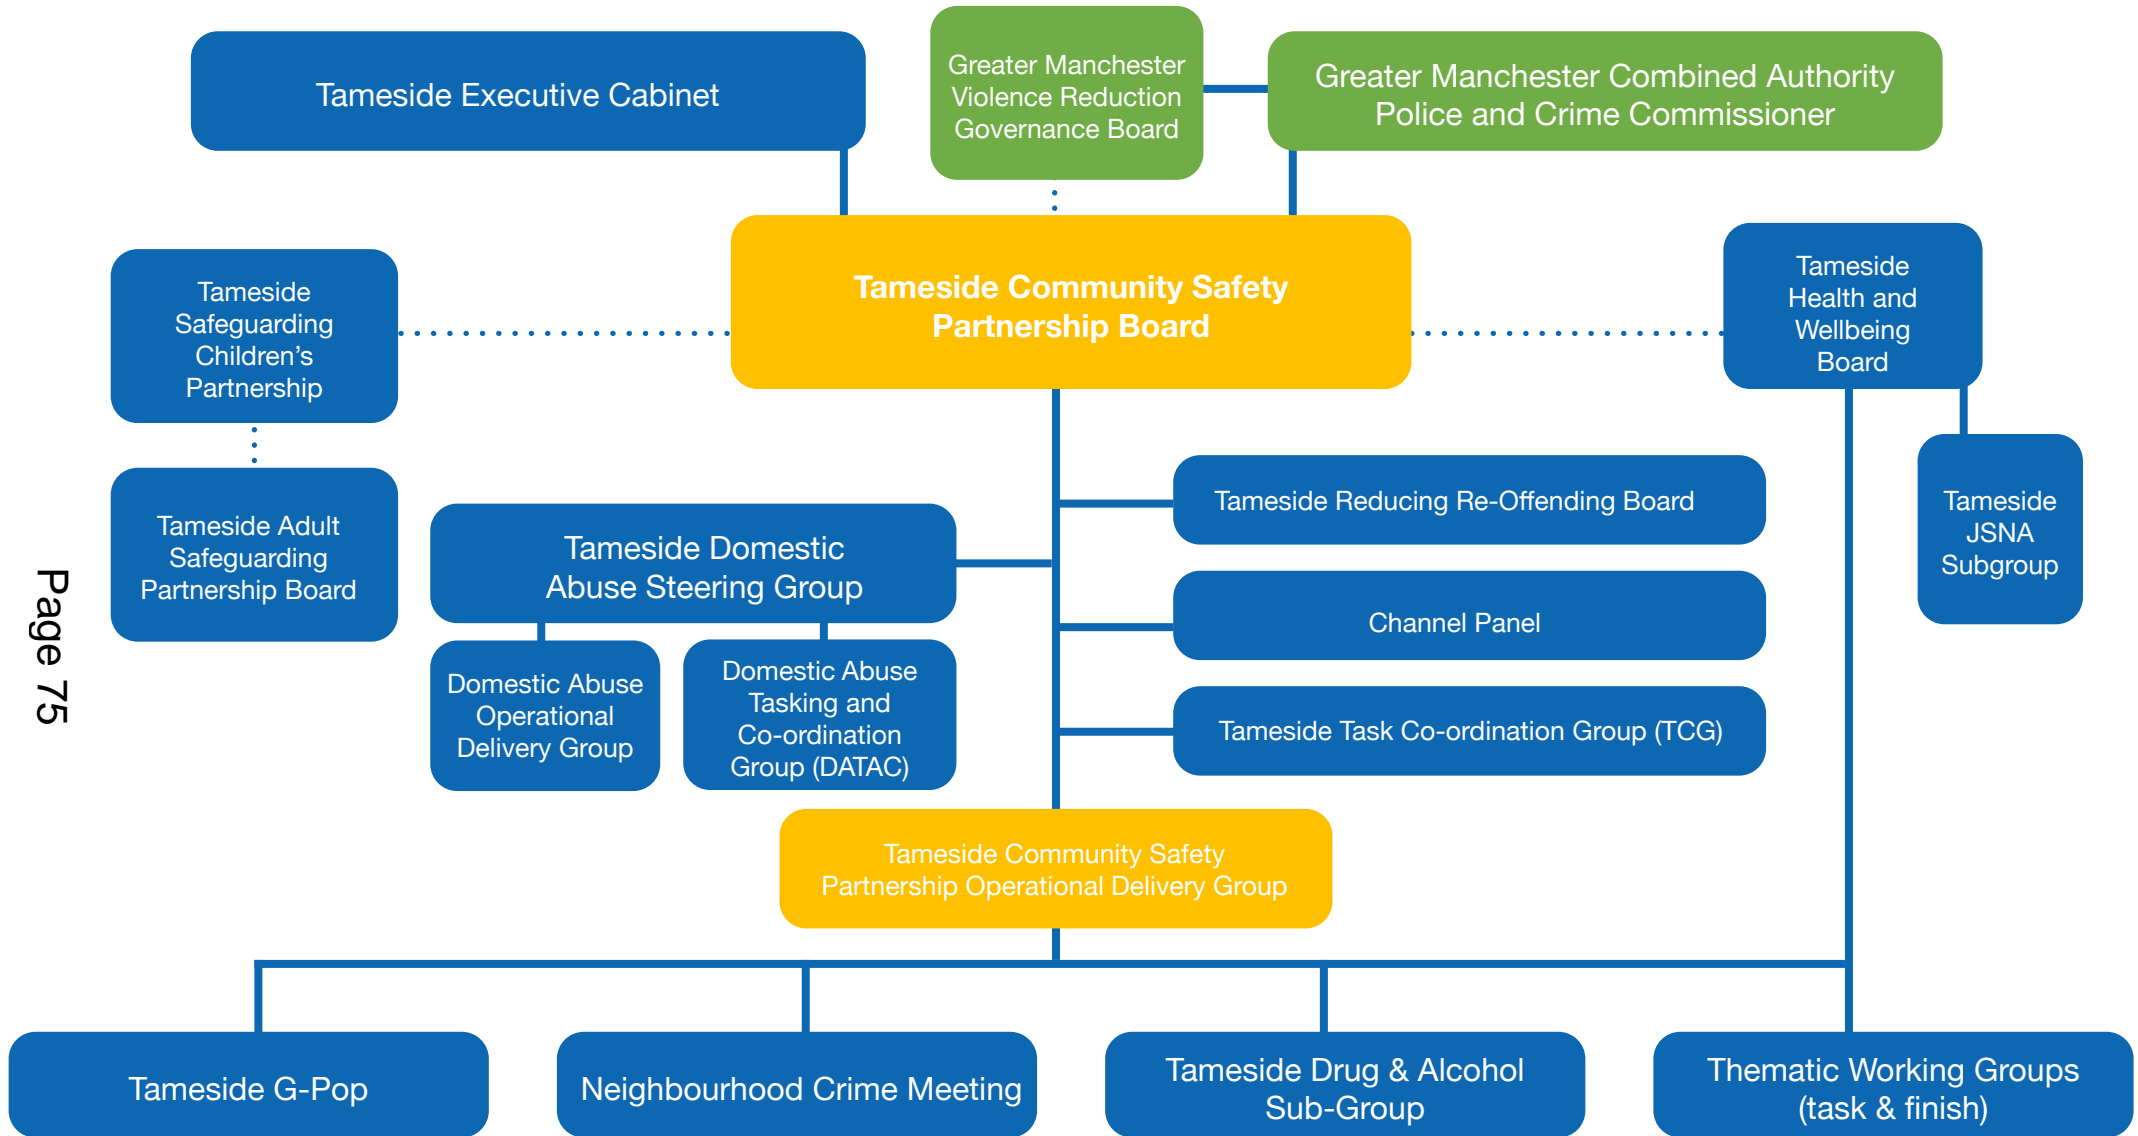

The Tameside Serious Violence Strategy will be delivered in partnership by the specified authorities who sit on the Community Safety Partnership Board for Tameside. Ongoing delivery and monitoring of progress against the strategy will sit with the Community Safety Partnership Board, where regular updates will be provided and work progressed. This oversight will ensure that the requirements of the legislation are fulfilled, including those under the Crime and Disorder Act. This will also foster a partnership approach to achieving the ambitions set out in this strategy.

These governance arrangements will oversee the implementation of a public health approach and drive to support partnership working to ensure visibility for overlapping areas such as safeguarding, equality, trauma-responsive service and domestic abuse. All arrangements for delivery of the duty in Tameside will sit with the Community Safety Partnership Board and, while there is not a named coordinator for serious violence in Tameside, capacity and resource will be drawn from across the membership of this group, which includes all the specified authorities for Tameside.

Data will be monitored via an outcomes framework which sits with the Tameside Community Safety Partnership Board and is reviewed on a regular basis.

Figure 1 – Tameside Serious Violence Governance

# Key Drivers of Serious Violence in Tameside

Page 76

# Serious Violence in Tameside 2023

### Deprivation

28th most deprived local authority out of 317 local authorities in England.

### Poverty

- Increased Adverse Childhood Experiences (ACEs)
- 45% lone-parents are in poverty.
- Higher proportion of low-income jobs.

### Wider Determinants

- Lone parent households.
- Not in education employment or training (NEETs)
- Median incomes
- Educational attainment.

### Violent Crime

Tameside has seen increases in all reported violent crimes and on an upward trend. This is also the same for the number of attendances to hospital for violence related injuries.

### Alcohol and Substance Misuse

- More licensed premises per square km than in the region or nationally.
- Majority of violent crime correlates with the hours when licensed premises are open.

### Protected Characteristics

- Higher proportion of the population live with a disability.
- Over-representative population from ethnic minority communities for both victims and perpetrators of violent crime.

### Location

Most prevalent around Town Centre locations including Ashton-under-Lyne, Stalybridge, Hyde and Hattersley Town Centres.

### Victims

Young males (under 16 years of age) are over-represented in a number of violent crime measures both as victims and perpetrators.

### Children & Young People

- High rate of suspensions and permanent exclusions.
- More serious violent offences within the Youth Justice System.

### Possession of Weapons

Disproportionately higher compared to the rest of Greater Manchester, linked to Domestic Abuse and associated with young males.

### Domestic Abuse

- High-risk domestic abuse has high prevalence in Tameside.
- A high proportion of violent crime, particularly knife crime is associated with Domestic Abuse in Tameside.

### Self-directed Violence

The rate of self-harm in Tameside remains significantly worse than the national average.

### Personal Robbery

Lower in Tameside than expected. Males are more likely to be a victim and crimes take place in Town Centres.

### Safeguarding and Ageing Well

Increases in adult safeguarding referrals have been seen in the last few years and may be linked to residents facing multi-disadvantage and complex care issues.

# Tameside Priorities: Tackling Serious Violence

Page 78

**Five priority areas are outlined below for the actions that will be taken as part of the strategy to prevent and reduce serious violence in Tameside over the next five years. These five priorities align to the priorities set in the Greater Manchester Greater Than Violence Strategy, however the actions under each priority area are specific to Tameside, based on the evidence and findings from the Serious Violence Strategic Needs Assessment.**

For the actions committed to below, 'we' refers to the specified authorities for Tameside, all of which are represented at the Tameside Community Safety Partnership Board, which is the oversight group where this work will sit and be delivered and monitored.

### **Priority 1: Community-Led Approach**

- We will develop an approach to having ongoing conversations with people across Tameside with lived experience of both serious violence and the main risk factors for violence. This will explore what serious violence means to local people and how people can be empowered to co-design solutions to prevent and reduce violence.

- We will produce an engagement plan including detail on how specified authorities will speak to the community to help inform local service delivery. This will include engagement with education settings and prisons.
- We will prioritise speaking to groups who are at greatest risk, including young people and young males, who are more likely to be both victims and perpetrators of violent crime.

### **Priority 2: Early and Timely Intervention**

- We will continue to prioritise support for children and young people and their families, as young people are at greatest risk of being victims of violence. This will include prioritising those who are at greatest risk of being targeted by adults, older peers and others within their own communities.
- We will develop targeted support for younger pregnant women and mothers, who may be at increased risk of domestic abuse and wider forms of violence.
- We will develop targeted support for lone parents on lower incomes, particularly young women. This will be across the prevention spectrum, from contraception through to parenting, welfare and employment support.
- We will embed early approaches to tackle problematic behaviours which can escalate into violence with a focus on behavioural interventions for young people; supporting education in schools around respectful relationships; and tackling misogyny and violence against women & girls (VAWG).

- We will join up delivery of Family Hubs with the Building Resilience, Tackling Poverty Strategy for Tameside to improve access to support to alleviate poverty for families across Tameside.
- We will tackle alcohol availability as a risk factor for serious violence across Tameside including a full review of evidence to support cumulative impact policies for alcohol licensing; and a review of the Public Health representations made to the alcohol licensing panel in Tameside.
- We will continue to strive for good attendance and engagement with education settings from young people across Tameside, via the Tameside Attendance Strategy. This will include reducing the proportion falling out of education, employment or training post-16 (NEET), reducing suspensions and permanent exclusions, and tackling the early signs of violent behaviour.

### Priority 3: Partnerships for Change

- We will continue to support and engage with the work of the GM Violence Reduction Unit, particularly engaging with the community-led aspects of work.
- We will hold joint sessions with other system Boards and groups with shared goals around work to tackle serious violence including the Health & Wellbeing Board; Mental Health, Learning Disabilities & Autism Partnership Group; Inequalities Reference Group; Children’s Safeguarding Partnership; and Adults Safeguarding Partnership Board.

- We will foster a culture of sharing best practice relating to the programmes that are in place in Tameside to tackle serious violence, which show evidence that they are working. This will include collaboration across the Tameside Community Safety Partnership, and with neighbouring GM boroughs, including the GM VRU.
- We will work across all local partners to develop an outcomes dashboard to monitor key metrics and outcomes relating to serious violence. This will include improving the collection and analysis of relevant data to better inform the situation with high risk issues in Tameside including sexual violence and weapons offences.
- We will do further work to understand the impact of the implementation of the Greater Manchester Adolescent Safeguarding Framework in Tameside (as one of the three pilot areas across GM alongside Trafford and Stockport) and support wider delivery across GM.

## Priority 4: Equality, Equity and Justice

- We will provide and promote targeted services and interventions for individuals who need extra help.
- We will work with the Tameside Adults Safeguarding Partnership Board to better understand the situation and needs of people who live with multiple-disadvantage. The goal will be to have better, trauma-responsive partnership approaches in place to support individuals.
- We will target specific support for those in contact with probation services who have committed violent crimes to reduce re-offending. Particular needs in this group include substance misuse issues, which will be a focus for local drug and alcohol treatment services.
- We will raise aspirations of young people by working across public, private, business and voluntary sectors to create accessible opportunities for volunteering, internships, apprenticeships and work across the borough.
- We will strengthen relationships between and with faith groups to increase visibility and accountability regarding their role in reducing violence, particularly in relation to young people from ethnic minority communities.
- Greater Manchester Police will conduct stop and search, removing knives and weapons off the streets in an intelligence-led and proportionate manner, including a focus on young people and considering domestic abuse perpetrators, based on the insight in Tameside.

## Priority 5: Trauma Responsive Support for Communities in Tameside

- We will continue to develop promotional awareness raising campaigns which sensitively communicate the dangers of carrying weapons.
- We will continue to provide supportive, trauma-responsive services to tackle drug and alcohol harms across Tameside, given the high levels of alcohol harm in the borough and the high rate of violent crime with drugs and alcohol as a risk factor.
- We will continue to prioritise work to tackle all forms of domestic abuse across Tameside, with a particular focus on addressing the risks of domestic abuse of older victims, based on increasing trends of abuse in this age group.
- We will put in place a range of trauma-responsive interventions and awareness raising to support groups who are at greater risk of being victims of serious violence including young males; people living with physical and learning disabilities; drug users; ethnic minority communities; and people in other minority groups including LGBTQ+.
- We will put in place a programme of work involving awareness raising, engagement and enforcement around the main town centres in Tameside, particularly Ashton-under-Lyne town centre, Stalybridge town centre, Hyde town centre and Hattersley town centre, in response to the high proportion of violent crime reported in these locations.

- We will foster a greater understanding across all partners regarding the relationship between violence and neurodiversity, special education needs and/or disability so that collaborative solutions can be put in place.
- We will support the embedding of trauma informed approaches across voluntary services and community organisations across Tameside, particularly those that work with children & young people.

All aged 3 – Target 70%	38.3%	30.3%	-8.0%	↓

# Impact of Doctors Strikes

Page 88

**10 January 2024**

**Industrial action summary**

The latest junior doctors' industrial action took place between Wednesday 3 January (7am) and Tuesday 9 January (7am).

The strike coincided with a typically busy period for NHS services post-Christmas and early into the New Year. However, all urgent and emergency care services were fully covered, with consultant and specialist doctors filling gaps of junior doctors who took industrial action.

Some routine elective activity had to be cancelled and our teams are working to have these rearranged as soon as practically possible. All cancer services continued as planned.
