

Flu & COVID Vaccination Update Autumn-Winter 2023/24

October Neighbourhood Forum
Population Health

Winter Vaccinations

- Vaccination is a safe and effective way to help protect people from getting seriously ill with a disease.
- Flu vaccination is offered every autumn/winter – it is slightly different each year to protect against the different types of flu virus that are likely to be circulating.
- COVID-19 vaccination is being offered as boosters for those who are at high risk of getting more unwell from COVID-19 and the 2023 autumn/winter booster coincides with the flu vaccination programme.
- Vaccination provides individual protection but also makes it harder for viruses to spread between people, including those who are more vulnerable and/or unable to get vaccinated.
- NHS England sets out the criteria for who gets vaccinated and how the programmes work, as a local system we then work together to deliver the vaccines according to this.
- As Population Health we chair the Health Protection Board and COVID and Flu Vaccination Sub-Group of this Board, which brings together partners from across the locality, provides assurance and responds to local data.

Seasonal Flu Vaccination Uptake 2022/23

PCN	Over 65s	Under 65 (at risk)	Pregnant	Carers	All aged 2yrs	All aged 3yrs	All aged 50- 64
Ashton	72.6%	42.2%	20.5%	40.3%	25.2%	34.5%	38.1%
Denton	79.4%	47.9%	24.1%	44.6%	31.3%	46.8%	46.6%
Hyde	73.1%	40.9%	25.7%	36.0%	35.3%	39.2%	44.3%
Stalybridge	81.4%	52.4%	33.4%	44.1%	38.4%	45.9%	52.0%
TOTAL	76.1%	44.9%	25.3%	39.9%	32.1%	40.8%	44.8%
GM	77.6%	46.0%	33.3%	-	35.9%	40.1%	-

Tameside	61.6%			55.2%			49.2%			
GM	60.8%			53.5%			48.9%			

Cohort 1: Care Homes*	
Tameside	87.6%
GM	86.2%

*Residents and carers
 †Clinically Extremely Vulnerable

Plans for Autumn-Winter 2023/24

- The vaccines are available in all 4 neighbourhoods. PCNs are leading on COVID-19 vaccine delivery, flu can be obtained from practices and community pharmacies. Co-delivery of both vaccines is available for eligible groups.
- Invite text messages sent from GP surgery sent to all eligible individuals.
- Special sessions for 2-3 year olds including free soft play vouchers in some areas.
- Maternity offering flu in antenatal clinic and providing flyer on COVID-19 vaccine availability.
- Schools programme underway and TMBC staff programme also available.
- Winter illnesses leaflet sent to parents via schools and early years, with translated versions available in Urdu and Polish.
- Communication campaigns on social media and local publications, posters and banners up in key locations.

Get vaccinated!

Protect your little ones and the wider family: vaccinate your 2 or 3-year-olds against flu !

Contact your GP and arrange their **FREE** flu nasal spray vaccine appointment.

Available **from September** to children aged either **2 or 3** on **31st August** this year.
