

<b>Report to:</b>	<b>STRATEGIC COMMISSIONING BOARD</b>
<b>Date:</b>	20 February 2018
<b>Officer of Single Commissioning Board</b>	Jessica Williams
<b>Subject:</b>	<b>INTERMEDIATE CARE IN TAMESIDE AND GLOSSOP</b>
<b>Report Summary:</b>	<p>The Tameside and Glossop Strategic Commissioning Board considered the report on bed based Intermediate Care on 30<sup>th</sup> January 2017 and supported the recommendation to approve Option 2 for those patients where it is not possible to deliver rehabilitation and recuperation at home. This will result in centralisation of the Tameside and Glossop Intermediate Care beds into the Stamford Unit. This decision was made subject to the implementation of a number of mitigations set out within this report and detailed in the covering letter sent to the CEO of Tameside and Glossop Integrated Care NHS Foundation Trust.</p> <p>The letter details the agreement to work in partnership to deliver Intermediate Care between Integrated Care Foundation Trust and Derbyshire County Council. In addition the letter clearly outlines the intention to drive the development of an investment proposal for supported accommodation on the Shire Hill site in Glossop.</p>
<b>Recommendations:</b>	<p>The Strategic Commissioning Board are asked to note:</p> <ul style="list-style-type: none"> <li>• the letter to ICFT outlining the next steps of implementation for Intermediate Care in Tameside and Glossop.</li> <li>• to support the agreed next steps for implementation of Intermediate Care in Tameside and Glossop. There will be a progress report presented to Strategic Commissioning Board in March/April 2018.</li> </ul>
<b>Financial Implications:</b> <b>(Authorised by the statutory Section 151 Officer &amp; Chief Finance Officer)</b>	Detailed in the Intermediate Care Consultation report presented to SCB on 30 January 2018.
<b>Legal Implications:</b> <b>(Authorised by the Borough Solicitor)</b>	Please refer to the details of the consultation process undertaken as set out in the report presented to SCB on 30 January 2018.
<b>How do proposals align with Health &amp; Wellbeing Strategy?</b>	The intermediate care plans align with the living and ageing well elements of the Health and Wellbeing Strategy.
<b>How do proposals align with Locality Plan?</b>	The intermediate care plans are in line with the locality plan and the Care Together model of care.
<b>How do proposals align with the Commissioning Strategy?</b>	The Care Together Programme is focused on the transformation of the health and social care economy to improve healthy life expectancy, reduce health inequalities and deliver financial sustainability. The work is a critical part of the programme.
<b>Public and Patient Implications:</b>	The report presented to SCB on 30 January 2018 includes the outcome of a 12 week period of public consultation and engagement with communities in Tameside and Glossop.

<b>Quality Implications:</b>	A Quality Impact Assessment was completed and contained within the full report presented to SCB on 30 January 2018.
<b>How do the proposals help to reduce health inequalities?</b>	The plan will ensure the delivery of intermediate care services which to meet individuals' needs across the locality and addresses health inequalities.
<b>What are the Equality and Diversity implications?</b>	A full Equality Impact Assessment (EIA) was included in the report presented to SCB on 30 January 2018.
<b>What are the safeguarding implications?</b>	The commissioned model will include all required elements of safeguarding legislation, as the provider will be Tameside and Glossop Integrated Care NHS Foundation Trust. The GM safeguarding Standards are included in the ICFT contract.
<b>What are the Information Governance implications? Has a privacy impact assessment been conducted?</b>	As part of the implementation of this model of care, a data flow mapping exercise will be undertaken to understand what information will be transferred and to where; from that it will be possible to identify the requirements for robust data sharing agreement between the parties sending or receiving the data. The commissioner will seek assurance from all parties involved in the delivery of intermediate care that appropriate arrangements are in place. The locality's information governance working Group will sense check data flows and IG requirements relating to this project.
<b>Risk Management:</b>	This transformation programme will be managed via the Care Together Programme Management Office. The risks will be reported and monitored via this process.
