## **1. SCRUTINY PANEL WORK PROGRAMMES**

- 1.1 The draft work programmes for the Council's two Scrutiny Panels have been proposed by panel members and the report contains information relating to the initial in-depth reviews to be undertaken during the first quarter of 2016/17.
- 1.2 The work programmes have been developed to reflect some of the priority issues facing the Council as well as individual areas of concern raised by scrutiny members. The work programmes include follow up reviews to consider the progress and implementation of recommendations contained in Scrutiny Panel reports already adopted by the Executive. Scrutiny Panels also undertake a systematic monitoring of the achievement of Tameside's People and Place Scorecard.
- 1.3 Care has been taken to ensure that the work programmes link to the Corporate Plan priorities of the Council. The majority of the items on the work programmes will involve reviews and activities that are aimed at adding value to the services that are central to the Council's priorities and performance.
- 1.4 The review topics selected by each panel for the first quarter are as follows.

**Integrated Care and Wellbeing Scrutiny Panel** – Carers in Tameside

**Place and External Relations Scrutiny Panel** – Impact of Bin Swap and Delivering Future Improvements to Recycling

- 1.5 In order for work programmes to be as robust as possible further time will be taken to liaise with Members, the Senior Management Teams of both the Council and Single Commissioning body and partners before they are finalised for the 2016/17 municipal year. A report will be prepared for the next meeting of the Overview (Audit) Panel on 12 September 2016 to present the final work programmes, having been signed off by both panels.

<b>Carers in Tameside</b>	<p>Changes to the Care Act in April 2015 were made to improve conditions for many people that require support, and their carers. The changes gave local authorities a responsibility to assess the level of support that a carer may need. Councils are also allowed to arrange for other organisations such as charities or private companies to carry out assessments.</p> <p>Data from the 2011 Census showed that there are approximately 24,000 residents in Tameside who consider themselves as a carer. When looking at this in more detail, only 11,000 people are registered as carers and 3,500 seen to be active on a regular basis.</p> <p>The review will consider the changes that have been made to the Care Act along with the role and strategies of the Council to identify, assess and support carers across the borough.</p>	This review will support the corporate priority 'People' by helping people to live independent lifestyles supported by responsible communities and improving the health and wellbeing of residents.	Adult Social Care and Wellbeing	Panel
<b>Impact of the Public Service Hub</b>	In order to provide the highest quality of public services during testing financial times, the Council established one of the country's first Public Service Hubs, which aims to create and progress an integrated public service model that brings together a range of professionals and agencies, while also streamlining systems and processes.	This review will support the corporate priority 'People' by helping people to live independent lifestyles supported by responsible communities and improving the health and wellbeing of residents.	Children and Families	Panel

	<p>The Hub aims to focus on early intervention and prevention in order to reduce the demand across the public sector, performing more cost-effectively, and better addressing all needs of households across the borough.</p> <p>The review will take an in-depth look at the Hub and its ability to effectively improve the coordination of services, and create more positive outcomes for families, children and communities across the borough.</p>			
<b>Special Educational Needs (SEN) – Reducing the Gap</b>	<p>National data shows that the number of pupils with special educational needs (SEN) continues to fall. It is also clear that during this period the attainment gap has generally remained unchanged.</p> <p>Some learning difficulties may only require limited intervention, while others may require large amounts of support on a daily basis to provide assistance with learning. It is important to understand the range of needs and the support that the local authority and schools are able to provide in mainstream settings.</p> <p>Following on from the review of Special Educational Needs in Tameside carried out in 2011/12 the review will look at the impact of the SEN code of practice implemented in June 2014 and strategies developed to improve the attainment gap.</p>	<p>This review will support the corporate priority 'People' by increasing educational attainment and skills levels.</p>	<p>Lifelong Learning</p>	<p>Panel</p>

<p><b>Impact of Bin Swap and Delivering Future Improvements to Recycling</b></p>	<p>With an ongoing commitment to improve recycling rates and reduce the amount of costly waste being sent to Landfill the Council made significant efforts to transform services and introduce a brand new recycling scheme 'Bin Swap'.</p> <p>In November 2013 Tameside's Bin Swap pilot was introduced across four areas, with wider roll out of the scheme from January 2015.</p> <p>Bin Swap is a key component of the Council's 'Greening the Borough' initiative by improving recycling rates. A clear plan was created to communicate key messages and engage residents with the changes ahead, with a clear reference to the opportunity cost of not undertaking the improvements.</p> <p>The review will look at the overall performance of Bin swap to date, paying particular attention to recycling improvements for each area of the borough. Work will also be undertaken to look at further options the service has to improve recycling rates and collection methods.</p>	<p>This review will support the corporate priority 'Place' by reducing our carbon footprint, both in energy and waste, and promoting cleaner, greener and safer neighbourhoods.</p>	<p>Clean and Green</p>	<p>Panel</p>

<b>Improving Tameside's Affordable Housing Offer</b>	<p>Addressing a range of affordable housing needs has become a major concern for local authorities across the country, as the gap between local income levels and the cost of living and housing continues to widen.</p> <p>New affordable homes are additional housing units (or bed spaces) provided to specified eligible households whose needs are not met by the market. Affordable housing is the sum of social rent, affordable rent, intermediate rent and affordable home ownership.</p> <p>Over recent years the Council has worked closely and collaboratively with housing partners in order to meet the needs of the borough. The review will look at Tameside's current position with regards to affordable housing needs and the strategies in place to deliver a sustainable and evenly distributed supply of affordable homes for current and future generations.</p>	<p>This review will support the corporate priority 'Place' by improving housing choice.</p>	<p>Healthy and Working</p>	<p>Panel</p>
<b>Supporting Local Businesses and Employment</b>	<p>It is important that existing businesses are supported and an appealing local offer is developed to attract and retain new industries to the area. Tameside is well positioned within the geography of Greater Manchester and a large amount of work has been undertaken over recent years to improve connectivity and transport links both to and from the borough.</p> <p>In 2015 the Council put forward plans to implement the Business Enterprise Grant, Trade Grant and Inward Investment Grant schemes to provide additional support for local businesses.</p>	<p>This review will support the corporate priority 'Place' by strengthening the local business community and our town centres, and growing levels of inward investment.</p>	<p>Healthy and Working</p>	<p>Panel</p>
