

INTEGRATED CARE AND WELLBEING SCRUTINY PANEL

Day: Thursday
Date: 10 March 2022
Time: 6.00 pm
Place: Committee Room, Level 2, Tameside One

Item No.	AGENDA	Page No
1.	APOLOGIES FOR ABSENCE	
2.	MINUTES To approve as a correct record, the Minutes of the proceedings of the Integrated Care and Wellbeing Scrutiny Panel held on 13 January 2022.	1-4
3.	CHILDREN'S SOCIAL CARE The Panel to meet Councillor Bill Fairfoull, Deputy Executive Leader (Children and Families); and Alison Stathers-Tracey, Director of Children's Services to receive a response to specific points related to Ofsted, sustainability, forward strategy, practice and quality; and key priorities for the next 12 months.	
4.	SCRUTINY BUDGET LETTER The Chair to update members on the annual budget letter presented at the joint meeting of Cabinet and Overview Panel on 9 February 2022.	5-8
5.	SCRUTINY ACTIVITY 2021/22 The Chair to present a summary of activity undertaken during the 2021/22 municipal year.	9-10
6.	CORPORATE PLAN SCORECARD To receive for information the Corporate Plan Scorecard.	11-14
7.	GREATER MANCHESTER SCRUTINY The Chair to discuss priorities and recent activity of the Greater Manchester Combined Authority Scrutiny Committees.	
8.	CHAIR'S UPDATE The Chair to provide a verbal update on recent activity and future priorities for the Panel.	

9. DATE OF NEXT MEETING

To note that this is the last formal meeting of the Scrutiny Panel for the 2021/22 municipal year.

10. URGENT ITEMS

To consider any additional items the Chair is of the opinion shall be dealt with as a matter of urgency.

Integrated Care and Wellbeing Scrutiny Panel **13 January 2022**

Commenced: 6.00pm

Terminated: 7.30pm

Present: Councillors T Smith (Chair), Affleck, Cooper, Drennan, Martin, Owen, Patrick, Pearce, N Sharif, Sweeton.

Apologies: Councillors Alam, S Homer, Jackson, Welsh.

29. MINUTES

The minutes of the meeting of the Integrated Care and Wellbeing Scrutiny Panel held on 4 November 2021 were approved as a correct record.

30. TAMESIDE SEND INSPECTION

The Panel welcomed Councillor Leanne Feeley, Executive Member (Lifelong Learning, Equalities, Culture and Heritage); and Tim Bowman, Director of Education, to receive an update on the recent SEND inspection, outcomes and actions.

The Panel heard that between 18 and 21 October 2021, Ofsted and the Care Quality Commission conducted a joint inspection of the local area to judge effectiveness in implementing the special educational needs and/or disabilities (SEND) reforms as set out in the Children and Families Act 2014.

The inspection had three key areas of enquiry.

- Effectiveness of the local area in identifying children and young people's special educational needs and/or disabilities
- Effectiveness of the local area in meeting the needs of children and young people with special educational needs and/or disabilities
- Effectiveness of the local area in improving outcomes for children and young people with special educational needs and/or disabilities

In each of the focus areas set out above, the inspection team identified strengths and areas for development. In total, 23 areas for development were identified and 16 areas of strength.

Published on 11 January 2022, the inspection report highlights significant areas of weakness, requiring a written statement of action (WSOA), with the local authority and CCG jointly responsible for submitting the WSOA. Inspectors identified 10 areas that the WSOA must address, with a deadline of 12 April 2022 for submission.

It was reported that since 2018, the leadership team had started to make inroads on the change needed to address historical weakness, with improvement plans not making enough impact. However and notwithstanding, the pandemic has hampered progress in this area and while the report is critical, Mr Bowman advised members that this reflects local awareness and self-evaluation that Tameside SEND services need to be better for all children and families.

Positive feedback was received on the continued efforts and dedication of front line staff working with young people and families.

Discussion touched upon current waiting times for diagnostic services, health pathways, resources and capacity within the system, joint working arrangements, existing complexities and barriers to prevent progress and the need to create an effective listening framework to support and deliver positive choices for children and families

Councillor Feeley and Mr Bowman responded to a number of questions from the Panel on:

- Implementation of the SEND reforms and identified weaknesses across Education, Health and Care services
- The identified high levels of dissatisfaction among parents and carers with provision
- A potential lack of awareness across households and communities of the local SEND offer
- Positives identified by Ofsted regarding commitment and dedications of frontline staff
- Current position with regard to demand, waiting lists and budgetary pressures
- Learning available from authorities that have been judged to be effectiveness and successful in implementing the reforms
- Framework in place to monitor improvements and progress for SEND services and outcomes for children

Resolved: That Councillor Feeley and Mr Bowman be thanked for attending the meeting.

31. ASSURANCE REVIEW OF LGSCO FOCUS REPORT – DOMESTIC ABUSE

The Panel received a service response to the Local Government and Social Care Ombudsman Focus Report – HELP! Learning to improve council services for domestic abuse victims, published in November 2021.

32. REVIEW OF MENTAL HEALTH PROVISION (ACCESS AND CRISIS)

The Panel received a paper with interim findings from the review of Mental Health Provision (Access and Crisis).

33. GREATER MANCHESTER SCRUTINY

The Chair provided a verbal update on known activity of the GMCA Overview and Scrutiny Committees.

34. CHAIR'S UPDATE

The Chair advised members that a number of Scrutiny reports are to be tabled at the joint meeting of Cabinet and Overview Panel on 9 February 2022. Items specific to the panel include:

- Scrutiny Update (summary of activity for 2021/22)
- Scrutiny Interim Report – Mental Health Support (Access and Crisis)
- Assurance Review of LGSCO Focus Report – Improving Services for Domestic Abuse Victims

All Scrutiny members have received an invitation to attend the Scrutiny annual budget briefing on 17 January 2022.

35. DATE OF NEXT MEETING

To note that the next meeting of the Integrated Care and Wellbeing Scrutiny Panel will take place on 10 March 2022.

36. URGENT ITEMS

The Chair reported that there were no urgent items for consideration at this meeting.

Date 19 January 2022

Dear Councillor Ryan and Ms Roe,

Consultation with Scrutiny Panels regarding the 2022/23 Budget

We write in response to the budget consultation meetings held on 17 January 2022, at which Scrutiny members received a comprehensive overview of the planning process associated with budget setting for 2022/23 and beyond. In addition to the mid-year budget monitoring information presented to Scrutiny Panels in September 2021, the sessions enable members to seek assurances on the Council's approach to managing and mitigating the impacts of known risks, ongoing uncertainty and external funding pressures.

Receiving a single year financial settlement appears to create complexity in the Council's ability to budget and plan accordingly. Members accept that a greater level of confidence and assurance is achievable should the government grant a longer funding plan to local authorities beyond the next financial year. Despite diminishing options, it was pleasing to hear of the commitment to achieve a balanced budget going forward without the use of reserves.

With escalating demand and cost pressures, accompanied with a previous reliance on one-off funding and grants, members acknowledge that without initial investment aimed to support and remodel our demand led services; this significantly hampers the Council's confidence and ability to set a balanced budget beyond 2023. Business as usual, without radical change, is clearly not a financially sustainable option for Tameside, with future budget gaps painting a bleak picture.

Scrutiny priorities remain aligned with the Council's Corporate Plan and whilst difficult at times to look beyond the health crisis, members have continued to keep abreast of more strategic measures for the borough in relation to social and economic issues. Future activity will continue to review and support work of the Executive to improve outcomes for residents while at the same time consider the range of efficiency requirements and delivering value for money.

This letter provides an account of discussions captured from the meetings and subsequent feedback received. Please do pass our thanks to the Assistant Director of Finance for the helpful summary, with a request for consideration to the points raised in the meetings prior to the budget report being finalised.

Members agree with key risk factors identified and overall budget fragility, with emerging pressures and limited options available to the Council when seeking to increase income beyond the rise in Council Tax. The income we generate from this remains low in comparison to other GM authorities based on housing stock and when taking account of proportionate local need. Members remain

concerned about added financial pressures place on vulnerable residents, including recent rises in food, fuel and household energy costs.

A point initially raised at the mid-year budget update was on clarity of the existing financial planning model and process by which directorates identify achievable savings. This includes the importance and ongoing role of Finance to ensure guidance, insight and learning forms part of the decision making process. This may be something that can align with invest to save initiatives and cost benefit analysis.

Further points added to this include learning from previous years with regard to overly ambitious savings targets and members keen to ensure future decisions are robustly costed and achievable without jeopardising service quality or requiring late or unplanned financial adjustments. There may be a need to review oversight, accountability and the importance of effective in-year budget monitoring, with a possible need for services to build in a contingency for increasing unit costs and external purchasing.

The development of a Transformation Team is welcomed and it is our understanding that this will operate as an accessible support function and enabler to directorates and services to review existing delivery methods and areas identified as having the ability to reduce spend. This cannot happen in isolation, with the team adding to existing methods and practice already in place. It was noted that initial attention of the team is on our statutory and demand-led services.

Upon reflection and based on the information presented, it is thought that the reference made to the role and responsibilities of the transformation programme could be made clearer to members and across the authority. The Council has faced significant financial challenges for a number of years now and while more can be done to ensure we harness intelligence and undertake effective benchmarking for key projects, it was difficult to interpret the level of reliance that appears to have been placed on this work.

Strategic, operational and budgetary responsibilities remain with each directorate and this appears to present an opportunity of creating greater internal cooperation and support methods not previously available. If understood correctly, the success of future savings does not sit as a direct responsibility of the Transformation Team to deliver, but more in the ability of the authority to provide a wider range of internal support mechanisms that are able to consider the impact of individual service decisions, both on outcomes for residents and budgets.

Improving outcomes for children and vulnerable residents remain a pressure and Scrutiny will continue to work with services to review the impact of sustainability projects. With a decision to provide Children's Services with a fully costed budget for the year ahead, to the extent of an additional £5 million, members are somewhat unsettled by the addition of a new £4 million savings target applied for 2022/23. While it is expected for demand to no longer grow exponentially, members are concerned that this is an extremely ambitious target and questioned whether past learning can be applied from examples where savings have needed to be re-profiled over a longer timeframe.

With added financial challenges also likely to be forthcoming in the provision of adult social care, discussion touched upon a range of options and known solutions, across Adults' and Children's Services regarding local accommodation and in-house care. Plans in this area have been noted for a number of years with what appears to be limited progress. Members are unclear of the ongoing investment needed in this area and whether this has been fully accounted for within budgets to ensure benefits are achievable, non-more so than outcomes for children and adults receiving the right support in the right settings.

The Executive has remained engaged and supportive of Scrutiny activity and reporting methods. Scrutiny will continue to seek assurances and identify suitable opportunities to inform local, regional and national decision-making. Where necessary, Scrutiny will remain mindful of any

associated financial implications and look to introduce financial planning and sustainability aspects within the review process.

Scrutiny members support transparency of budget conversations and request that a mid-year financial update remain in place going forward. The information presented will inform work programme priorities where appropriate.

Yours sincerely,

Councillor M Glover – Chair to Place and External Relations Scrutiny Panel

Councillor T Smith - Chair to Integrated Care and Wellbeing Scrutiny Panel

Scrutiny Activity 2021/22

The table below provides a summary of Scrutiny activity and oversight carried out during 2021/22. This includes updates to seek assurances on service provision and outcomes.

Figure 2: Summary of Scrutiny activity and oversight (March 2021 to January 2022)

Place and External Relations	Integrated Care and Wellbeing
<ul style="list-style-type: none"> • HMIC inspection of GMP • Climate change and improving the local environment • Economic impacts of Covid-19 • Tameside Cultural Offer and Strategy • Homelessness and Housing • Digital Offer and Delivery • Response to Community Safety Strategy consultation • Corporate Performance Scorecard • Mid-year Budget Update 	<ul style="list-style-type: none"> • Health Improvement Service • Health and Care Bill • Children’s Services – Ofsted focused visit • Mental Health (Access and Crisis) • Adult Services • Tameside SEND inspection • Assurance review of LGSCO focus report – Domestic Abuse • Corporate Performance Scorecard • Mid-year Budget Update <p><u>Children’s Working Group</u></p> <ul style="list-style-type: none"> • Fostering marketing and recruitment • Children’s Services Improvement Plan

In-depth review

The following reviews carried out during 2021/22:

Place and External Relations Scrutiny Panel - review completed on Homelessness and Housing. Report and Executive Response presented at the joint meeting of Cabinet and Overview Panel on 9 February 2022.

Integrated Care and Wellbeing Scrutiny Panel - review activity commenced on Mental Health (Access and Crisis). Interim report and findings presented at the joint meeting of Cabinet and Overview Panel on 9 February 2022. The review will continue to the next municipal year.

The Children’s Working Group has remained in place as a fixed sub-group of the Integrated Care and Wellbeing Scrutiny Panel. The group has received updates on:

- Fostering marketing and recruitment
- Children’s Services Improvement Plan

Budget Consultation

Scrutiny Panels received a mid-year budget update at the panel meetings held on 7 and 9 September 2021. The Executive Member for Finance and Economic Growth received a formal response of the Scrutiny Chairs, capturing a range of points and highlighting any concerns and specific areas for consideration in supporting the Council’s ongoing work in this area.

All Scrutiny Panel members were invited to attend one of two annual budget briefing sessions held on 17 January 2022. This follows on from a mid-year budget position update received in September 2021. The independence of Scrutiny enables members to seek assurances on budget planning, process and priorities for 2022/23 and beyond. It is also appropriate for budget priorities to inform future Scrutiny activity and work programmes. A response letter of the Scrutiny Chair sent to the Executive Member for Finance and Economic Growth; and the Director of Finance – Section 151 Officer.

Local Government and Social Care Ombudsman (LGSCO)

Scrutiny continues to review decisions and focus reports published by the Ombudsman. The aim is to ensure learning opportunities be shared with services in a timely manner and for a formal response and/or position statement to be returned to the appropriate Scrutiny Panel within agreed timescales.

It will remain important to ensure that the subject matter is appropriate, proportionate and can add value. Work in this area has progressed well, with the plan to ensure responses be reported to Overview Panel at the earliest opportunity. Activity informed by recent LGSCO focus reports listed below:

- Focus report – HELP! Learning to improve council services for domestic abuse victims (published November 2021).
 - A response of the Executive Member (Health, Social Care and Population Health) and Interim Director of Population Health, received January 2022. The focus report and response tabled in a separate report to the joint meeting of Cabinet and Overview Panel on 9 February 2022.
