Agenda Item 2

SOUTH STRATEGIC NEIGHBOURHOOD FORUM

26 June 2023

Commenced: 18:30	Terminated: 19:	25
Present:	Councillors Robinson (in the Chair) Bowden, Chadwick Colbourr Fitzpatrick Kitchen, Roderick, Owen and Ferguson	ıe,
In Attendance:	Emma VarnamAssistantDirectorofOperationsandNeighbourhoodsNeighbourhoodsTony DecropAssistant Director of Children's ServicesLynda CliffordFostering Service ManagerMatthew Morris-Shift Lead Guide	ind
	Jones	
Apologies for Absence:	Councillors Affleck, Alam and North	

1 MINUTES

RESOLVED

That the Minutes of the meeting of the South Strategic Neighbourhood Forum held on 27 March 2023 were approved as a correct record.

2 HOUSEHOLD SUPPORT FUND

Consideration as given to a presentation of the Assistant Director of Operations and Neighbourhoods, who delivered a presentation on the Household Support Fund.

It was explained that in Rounds 1 to 3, funding had primarily been used to support families with children eligible for free school meals during the holiday periods. Vouchers were provided, via the schools, to all eligible families ahead of each holiday period in the form of supermarket vouchers. Following the guidance set by the Department for Work & Pensions (DWP), it was reported that an application based scheme had also been available for low income households to support with basic costs such as food, energy, utilities and related essentials.

Members were advised that the Household Support Fund had been distributed by Tameside Council since October 2021, with funding provided in 4 'Rounds' to all Local Authorities. With regards to Round 4, funding for a 12 month period commencing in July 2023, had been confirmed, which allowed for longer term planning and support. The funding would be used to support the most vulnerable families in Tameside, as follows:

- 70% would be provided via schools to families eligible for free school meals.
- 27% allocated to an application based scheme for residents not directly in receipt of Cost of Living Payments, accessed via Navigators which ensured that residents were supported to access the funding most relevant to them and wider support to build longer term financial resilience.
- 3% would be used for staffing required to administer the fund.

The Forum were advised that families with school age children would receive their voucher via schools directly. Older Families (aged 65+) who were in receipt of Council Tax Support would be contacted directly and organisations such as Age UK, the Action Together community network and the Carers team would further help to raise awareness of the support available. Outreach drop in sessions would also be planned in community venues and information would be provided via existing channels such as social media, Welfare Rights, Citizens Advice Bureau, Customer Services, Libraries and Helping Hands events. It was explained that funding would be rolled out in four trenches throughout the year to spread out the support, especially during the winter periods.

Members were provided with contact details for the Household Support Fund team and were advised that residents would be able to book appointments by phone, online or in person with Customer Service Navigators to discuss the support they would need and to help them access funding relevant to their situation.

RESOLVED

That the presentation be noted.

3 CADDY LINERS IMPLEMENTATION

Consideration was given to a presentation of the Assistant Director of Operations and Neighbourhoods, who attended the Forum to deliver a presentation in respect of Caddy Liners.

It was stated that the Council currently supplied, on request, free compostable caddy liners to encourage residents to compost their food waste and add it to their brown bin for food and garden waste. It was highlighted that the practice of recycling food waste was now established across households in Tameside.

The Forum were notified that caddy liners were not required for the process of recycling and it was not a statutory requirement for waste disposal. The preferred approach was to recycle food waste directly into the caddy and then into the brown bin, which would reduce unnecessary resources in the waste stream as well as the detrimental carbon footprint of producing liners.

It was outlined that the provision of caddy liners was not necessary to enable residents to recycle their food waste and did not align with the Council's environmental aspirations of achieving net zero services; reducing consumption and procuring sustainably. In order to help reduce unnecessary waste, caddy liners would no longer be provided free of charge from 1 July 2023.

Ms Varnam was pleased to announce that Tameside was the highest improved recycling borough in Greater Manchester, in order to maintain and improve on this status a reminder was given to not use newspaper or recyclable carrier bags to wrap food waste in as they were classed as contamination, which would lead to full wagon loads being rejected for recycling.

Members enquired on the savings the Council would deliver from these changes, the Assistant Director of Operations and Neighbourhoods explained that these savings should save around £170k a year. Members also discussed how other councils handled food waste and which Councils still supplied compostable caddy liners.

RESOVLED

That the content of the presentation be noted.

4 FOSTERING

Consideration was given to a presentation of the Fostering Service Manager, who attended the Forum to provide an update on Tameside Council's Fostering Service.

Members were informed that Fostering was the support and care for a child when they could not live at home that provided a stable and caring environment. It assisted with contact with birth parents and other connected persons; getting a child to school; attendance at meetings – reviews and education; and to undertake training to develop fostering skills. Anyone could foster and all ethnic and religious backgrounds were welcome. The only requirement was a spare bedroom in the home, that did not have to be owned, and people ideally lived locally in order to transport children to school.

The type of carers required for the different cohorts was outlined alongside how people could assist. Ongoing fostering support was provided via social workers and support workers with social workers assigned to the children; support was also available through the Foster Care Association and there was a foster career support group, a Buddy scheme, a training programme, therapeutic services and allowances and fees.

Members were told that a fostering campaign, Fostering Unfiltered, had been created in conjunction with Greater Manchester Combined Authority to help the conurbation recruit more foster carers, which also included a website Fostering Unfiltered-Home(fostering-unfiltered.org). Fostering Fortnight 2023 had taken place with a variety of events including an Advan campaign, Park Run events and a new team of foster care ambassadors, who represented the team at local events to help recruit more foster carers in Tameside.

The Staying Put initiative and supported lodgings were explained and contact details provided. Members were asked to share marketing materials and social media posts to assist with the much needed recruitment of foster carers in the Borough.

Members discussed capacity for care leavers and housing available and the number of carers needed.

RESOLVED

That the update presentation be noted.

5 SHIFT

The Chair welcomed Matthew Morris-Jones, SHiFT Lead Guide, who attended the Forum to deliver a presentation on SHiFT where every Practice was focused on enabling creative and impactful change with children and young people to break destructive cycles of harmful behaviour.

An introduction to the Adolescent Safeguarding Framework was provided, which had been developed as part of the Greater Manchester Children and Young Peoples Plan. The Framework had been created and adopted by the 10 Greater Manchester authorities and set out principles and guidance for working with young people. The Framework was not prescriptive and was designed to provide a shared foundation for the development of local systems and practice. The Framework provided some detail and examples around six practice principles and three strategic enablers that underpinned good practice with young people at risk of extra-familial harm.

The strategic ambitions were outlined and two projects that had taken place nationally were highlighted. In terms of Tameside, Members were told that the Practice commenced in February 2023 and was based in Youth Justice Services. An extensive scoping exercise took place with 116 considerations that went through a triage process and Tameside SHiFT was currently working with 27 children and young people who were supported by four Guides. There was emerging evidence of relationships being built and trust established. It was emphasised that establishing relationships was the cornerstone of SHiFT work and would develop as one of the key foundations of the SHiFT programme in order for young people to be able to move to a place of safety and strength.

A progress update was provided of the cohort as follows:

- 14 children were currently engaged and enjoying regular face-to-face interaction with regular communication via text message. All the professional networks had been contacted and the Guides were beginning to become embedded within this network.
- 6 children were tentatively engaging at present. These children required a more measured and staggered approach, whereby the initial steps were communicating through text message, visiting the home and ensuring the Guides were conducting themselves in a different manner befitting of the SHiFT model.

- 2 children had recently swapped Guides for two children as one Guide was working with cousins who were experiencing family issues and had become estranged, which would have caused issues when working with both.
- 5 were currently not wishing to engage, but steps of engagement were underway. For example, Guides remained in contact with the professional network, were sending letters and offering support through messaging. Due to the co-location with Youth Justice Services, Guides were able to ensure they were up to date with any pending matters for some of the cohort and therefore could bide time in offering the support.

Members were provided with the contact details of the Tameside SHiFT team.

RESOLVED

That the content of the presentation be noted.

6 DATE OF NEXT MEETING

RESOLVED

That the date of the next meeting of the South Strategic Neighbourhood Forum, scheduled for 16 October 2023, be noted.

Flu & COVID Vaccination Update Autumn-Winter 2023/24

Winter Vaccinations

- Vaccination is a safe and effective way to help protect people from getting seriously ill with a disease.
- Flu vaccination is offered every autumn/winter it is slightly different each year to protect against the different types of flu virus that are likely to be circulating.
- COVID-19 vaccination is being offered as boosters for those who are at high risk of getting more unwell from COVID-19 and the 2023 autumn/winter booster coincides with the flu vaccination programme.
- Vaccination provides individual protection but also makes it harder for viruses to spread between people, including those who are more vulnerable and/or unable to get vaccinated.
- NHS England sets out the criteria for who gets vaccinated and how the programmes work, as a local system we then work together to deliver the vaccines according to this.
- As Population Health we chair the Health Protection Board and COVID and Flu Vaccination Sub-Group of this Board, which brings together partners from across the locality, provides assurance and responds to local data.

Plans for Autumn-Winter 2023/24

- The vaccines are available in all 4 neighbourhoods. PCNs are leading on COVID-19 vaccine delivery, flu can be obtained from practices and community pharmacies. Co-delivery of both vaccines is available for eligible groups.
- Invite text messages sent from GP surgery sent to all eligible individuals.
- Special sessions for 2-3 year olds including free soft play vouchers in some areas.
- Maternity offering flu in antenatal clinic and providing flyer on COVID-19 vaccine availability.
- Schools programme underway and TMBC staff programme also available.
- Winter illnesses leaflet sent to parents via schools and early years, with translated versions available in Urdu and Polish.
- Communication campaigns on social media and local publications, posters and banners up in key locations.

11 111 111 111 11

Get vaccinated!

II 10 10 10 10

- If you're eligible for flu and/or COVID-19 vaccination please take up the offer to get vaccinated ASAP.
 - Details on who is eligible and how to book here: Winter Vaccinations in Tameside
 - Promote the benefits of vaccination to others vaccination is the best protection against COVID-19 and flu this winter.

The people in Tameside all have the opportunity to have a healthier and happier life, no matter where they live or who they are. This should include people being able to get the help and support they need without facing barriers, to make Tameside a great place for everyone.

Help people get into, and stay in good work

Strengthen our communities

Deliver healthy places with accessible and inclusive services

Tameside in Context 2023

Help people stay well across the life course and detect illness earlier

Healthy Life 58.2 Years 61.6 Years Females Expectancy Males Third highest rate of 792 (28.3%) alcohol related 403 (14.4%) cancers in country 1397 (49.9%) Earloreventable deaths are almost 585 (20.9%) 546 (19.5%) 50% higher in

Tameside compared to the national average.

Enable all Tameside residents to grow old with dignity and independence

Life 76.9 Years 80.1 Years Expectancy Males Females

13.1% aged 66 yrs or older lives alone 1,989 per 100,000 aged 66 yrs or over have

been injured in a fall

83.3% of care homes in Tameside are rated as good or outstanding by CQC

Tameside population aged 65 yrs. plus has seen a 18.4% increase since 2011

Give Tameside Children the best start in life

39.2% of children in year 6 classified as overweight / obese

8.4% of children aged 5-17 in Tameside have a diagnosed mental health disorder

Highest admission rate for **under 19s for asthma** in the country

Deliver Healthier places with accessible and inclusive services

nationally

Take-away Density - 143 take-aways per 100,000 population - highest in GM, 17th Nationally

Air Polution - Tameside has the 2nd highest level of fine particulate matter in GM (indicator of poorer air quality)

Help people get into, and stay in good work

of jobs in Tameside paying below the living wage (2021) the highest rate in GM, equating to approx. 13,000 jobs

9 % of the working population working in health and social care **2% had sickness absence from work in last week**

Strengthen our Communities

In every 1000 people in TAMESIDE:

20 have being supported by social prescribing in the last 12 months
180 people are living in poverty
140 are experiencing fuel poverty
90 people have been a victim of crime
19 are living in temporary accommodation
37 have been a victim of domestic abuse
49 have been a victim of violent crime

The Voice of Tameside Residents

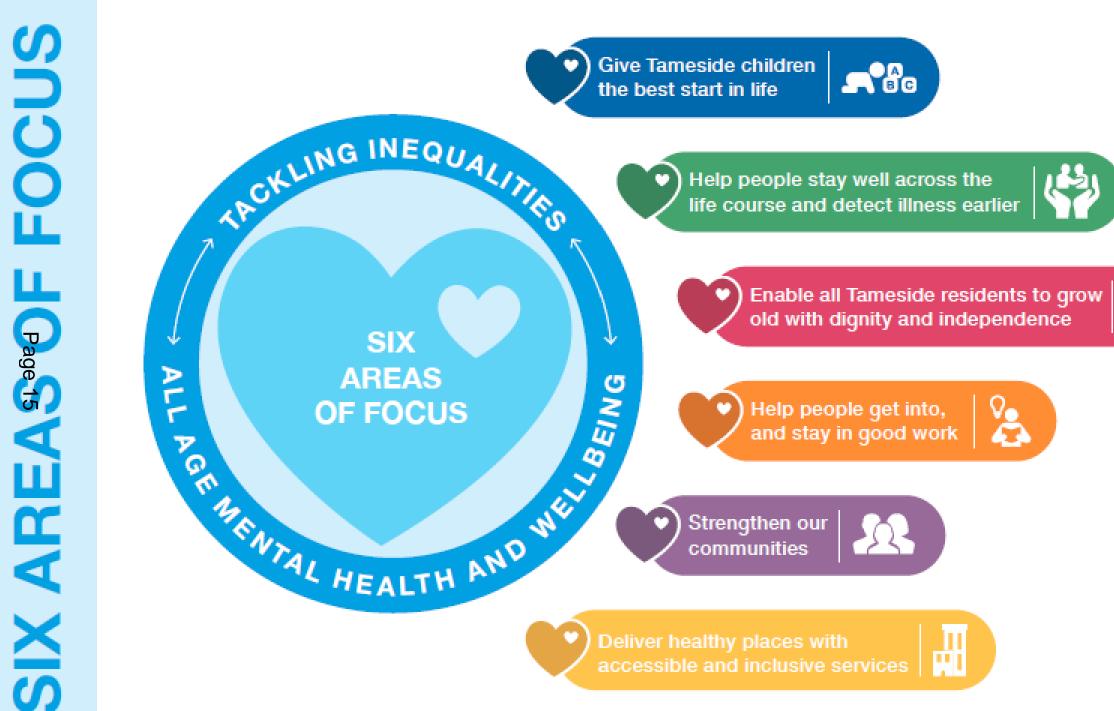

...residents are concerned about poverty and climate change ...more job opportunities that match skills

...charities should be supported

> ...recognise that local and national funding is a challenge

...satisfied with Tameside as a place to live

...want to see improved access to mental health support

NEIGHBOURHOOD FORUM

Enforcement Activity Update

Sharon Smith, Head of Public Protection

Public Protection

Functions undertaken by the Public Protection team include:

- Food Safety and Food Standards
- Trading Standards
- Animal Health and Welfare
- Housing Enforcement
- Environmental/Waste Enforcement

- Health and Safety
- Public Health
- Environmental Protection
- Licensing
- Parking Services

Corporate Enforcement Policy

- The Council has a requirement to have a Corporate Enforcement Policy.
- A draft of the Policy is currently being updated.
- The Policy outlines how TMBC enforces a range of legislation in a fair, equitable, and consistent manner.
- The policy is intended to protect the public, the environment, consumers, and workers within the borough to meet their legal obligations, and taking firm action against those who flout the law or act irresponsibly.
- The policy applies to all services with enforcement duties, although some services have specific legislative guidance and regulations that set out the enforcement requirements in these services and therefore will have specific service area policies in addition to the corporate one.

Enforcement Panel

- The Panel meets quarterly
- The purpose of the Panel is to:
 - Provide overview, assurance and scrutiny of the wide range of enforcement activity undertaken across the Council by receiving reports from service areas in scope.
 - Promote the enforcement activities of the Council enforcement services throughout the Borough.
 - Provide cohesion of the Council's enforcement bodies.
 - Promote integrated provision and joined up planning across a range of enforcement activities with wider service providers, such as Greater Manchester Police.
 - Deliver on the strategic priorities, including increasing enforcement across the Borough.

Enforcement Activity March – Sept 2023

Food Safety / Standards

- Inspections
 528
- Hygiene Improvement Notices
- Voluntary Closures

Trading Standards

- Prosecutions
- Seizures
