

Responding to the White Paper: Integration & Innovation; working together to improve health and social care for all

Martin Ashton, Associate Director of Commissioning

**Integration and Innovation:
working together to
improve health and social
care for all**

Presented to Parliament
by the Secretary of State for Health and Social Care
by Command of Her Majesty
February 2021

CP 381

White Paper – Legislative Proposals (1)

- White Paper: *Integration & Innovation: working together to improve health and social care for all* published February 2021.
- Sets out legislative proposals for changes to the health & care system.
- Statutory Integrated Care System (ICS) NHS Body & Board (GM), coterminous with ***GM** LA boundaries and accountable for NHS planning, spend, performance and quality.
- *This would place Glossop in Derbyshire, not GM. The process for agreeing boundaries is not clear in The White Paper and partners are actively seeking further guidance with the priority to protect the best interest of residents.

Triple aim:

- Better health & wellbeing for everyone
- Better quality of health services for all
- Sustainable use of NHS resources.

White Paper – Legislative Proposals (2)

- **CCGs will be abolished from April 2022** with functions transferring to GMICS.
- Shadow arrangements are expected from September 2021.
- Part of expected wider reforms to social care, public health and mental health.
- **Flexibility around local ‘place based’ arrangements** with no legislative arrangements at place-based (T&G) level.
- NHS organisations expected to continue to develop relationships with local government and communities to join up health and social care and tackle the wider social and economic determinants of health.
- All partners within systems will have a **duty to collaborate** across the healthcare, public health and social care system.
- **Shift away from competition** between healthcare organisations towards a new model of collaboration, partnership and integration.
- **HWBBs will remain.**

Our local principles

Principles	We will...
Partnership	<ul style="list-style-type: none">✓ We will be accountable to the local population and to each other.✓ We will co-design and co-produce services with residents and community partners.
Powered by people	<ul style="list-style-type: none">✓ We will empower our population and support them to take responsibility for their own health and wellbeing.✓ We will recognise and develop resident, voluntary, clinical, political and managerial leadership.✓ We will empower our workforce to work in collaboration across organisational, professional and service boundaries.
Person-centred	<ul style="list-style-type: none">✓ We will take a proactive and preventative approach, intervene early and respond to the person in the context of their community.✓ We will develop place-based approaches to tackling the social determinants of health that build on the assets within our communities.
Productive	<ul style="list-style-type: none">✓ We will implement ways of working that support collaboration not competition.✓ We will work together to make best use of financial, workforce, estate and other resources.✓ We will maximise social value and jointly manage the system budget sharing risks, deficits and surpluses.
Progressive	<ul style="list-style-type: none">✓ We will create a 'can do' culture with a focus on innovation and continuous improvement.✓ We will develop a strong learning culture where new ways of working are reviewed and evaluated.

Integrated Health & Social Care in T&G

- For many years partners in T&G have made significant progress towards establishing a comprehensive integrated H&SC system.
- The complexity and the scale of our ambition means that we are still only at the start of the journey.
- There are still significant improvements to be made to improve the health and wellbeing of our population and develop a sustainable system.
- An integrated health and care system is only one of the four pillars of population health. Improving population health requires action on all four of the pillars.
- Our delivery models should be respond to all 4 pillars.

AN INTEGRATED SYSTEM AT EVERY LEVEL IN TAMESIDE & GLOSSOP

ORGANISATIONAL FORM	OVERVIEW
<p>DELIVERY: 5 x T&G Neighbourhood Partnerships</p> <p><i>*Integrated neighbourhood delivery model</i></p>	<ul style="list-style-type: none"> *Clinical, political, managerial and VCFSE leadership provided by multi-agency partners. *Central role for PCNs. *Development of cross-system neighbourhood priorities. *Multi-agency neighbourhood collaboration recognising wider determinants of health. *Proactive and preventative approach, intervening early and responding to the person in the context of their community.
