Participation on Outside Bodies and Partnerships

- I have attended Governor meetings at St Peters RC Primary School, Stalybridge
- I have attended Covid Oversight panel meetings as a Governor
- I have attended Residents Meetings throughout my ward.
- I have attended Ward meetings for Dukinfield/Stalybridge Ward
- I have attended and chaired Stalybridge South ward Meetings
- I have attended the local Homewatch meetings
- I have participated and organised meetings with the local police to strategize local issues.

Constituency Work

I have been actively involved in the local pandemic support rollout. At the start of the pandemic, I delivered food packages and PPE to those most in need.

I have been part of the strategic development of the local vaccination programme and ensured that supply has continued to meet demand on a local level for our Tameside residents.

I have been an active member and organiser of local clean up sessions, set to litter pick and plant plants locally.

I have been actively involved in ensuring our local care homes have had supply of PPE and regular testing throughout the pandemic.

I have assisted residents in issues with bins and fly tipping.

I have assisted residents with casework on issues with specific planning applications.

I have assisted residents with issues with potholes and traffic management issues on a local level.

Any other comments

In the last 12 months on the council, I have instated a new Autism Partnership Board. Within the board we have Autistic people as well as partners from health, social care, criminal justice, SEND and employment.

The purpose of the board is to ensure that we have an active role in ensuring that Tameside is an Autism Friendly authority, but also that Autistic people are heard and represented within the authority in all areas of importance, with an aspiration to make changes for the better for Autistic people within our community. We also now have an Autism reference group, the group feed in to strategic planning within the council to ensure they have a voice.
