

Councillor Susan Quinn

Ward: Droylsden East

Annual Report of Activities 2020-2021

Over the last twelve months, I have attended:-

- All meetings of Full Council.
- Liquor licencing meetings
- Taxi Licensing Meetings

The last twelve months been so different and I have dealt with a lots of surgery cases.

I have attended all Training Member Training Sessions.

I volunteered to become a Community Champion and attended all meetings; all meetings were held during the year were by Zoom.

During the last twelve months, I have shopped for residents who have been shielding during the pandemic, ensuring they had food and supplies during this difficult time.

During these difficult times, I worked with the Together Centre to help make up and deliver 150 hampers to the elderly and vulnerable.

Five months ago, I became a volunteer at the vaccination centre helping where needed including wiping down chairs and checking appointments.

Everybody over the last twelve months during the pandemic have had to adapt the new ways of doing things. I hope that we get back to normal soon.
