Re: **Premier Hurst, 187-193 Kings Road, Ashton-under-Lyne, OL6 8HD**

I write regarding the above matter.

After reading the statement of Mr Tony Dales contained in the bundle (Appendix 8) I would like to be given the opportunity to submit further evidence. This is because Mr Dales makes a serious suggestion of fraud on my part and a fair judicial process gives a right to rebut this serious allegation not made before. I should be given the opportunity to clearly disprove this allegation by being allowed to submit a very simple piece of evidence.

On 9 June 2021, Mr Dales accidentally sent me a text message intended to be sent to Tasadaq. In the message, **Mr Dales states that he submitted the consent form which Tasadaq sent 'back' to him**. A screenshot of the message is attached. This goes completely against Mr Dales' statement which reads:

“I can confirm that the **only person** I dealt with regarding the transfer was Mr Adil Khurshid. Other than providing his right to work document (passport) Mr Ahmed **played no part in the application.**”

The text message clearly shows that both Tasadaq and Mr Dales were in communication with each other about the application form **before** it was submitted. I am quite certain that the responsible person for the fraudulent transfer was Tasadaq as it was he who submitted the consent form to Mr Dales.

Yours sincerely

Adil Khurshid

Hi Guys
Tasadaq
clare will be contacting you to go on
the course and do the exam

I was surprised to be rung by the
council re the previous premises
licence holder Ayoob who has
complained that he didnt give
consent to transfer the licence
You have assured me that he is
trying to make trouble for you and
did consent to the transfer
Obviously it was a concern for me
as you licensing consultant I was the
one that submitted the consent
form which you sent back to me
I will keep you up to date if there is
any further update
Regards
Tony
