I have known the Above for 11 years from when they 1st opened. I have never had or seen any problems/Anti social behavior in or around the shop. The owners are both very lovely people who have always gone above and beyond for their customers and the community. I feel safe to send my 11 year old daughter in the shop to get my Bread/milk. and she feels safe doing so. I have never seen them sell to any underage they are very strict
