Statement of facts and affairs
In chronological order

At the end of March 2022 I arranged to view the property named Mollys bar, 4-6 George street, Ashton under line with the landlord with an interest in renting the property. The previous tenants [REDACTED] where evicted for none payment of rent and the landlord had a bailiff change all the locks prior to my visit.

A day later I had a phone call from the landlord saying that he has just had a call from the previous tenants threatened to burgle the place. He said what should I do should I 999 call the police, I said yes call the police

When I arrive at the property with the landlord the landlord found the previous tenants braking into the property round the back. [REDACTED] threatened the landlord and the landlord call the bailiff and the bailiff said it was a burglary and told him to call the police. The landlord called the police and when the police arrived the previous tenants told the police that the property was already open. The police decided to take the side of the criminals and said it was a civil matter. The bailiff said they where allowed to remove personal items and stock only and they did. Then they left with the police. Later I agreed with the landlord to rent the property from him. Please note later on I found that the locks had been cut off inside with an angle grinder leading to the assumption that the criminals had planned this in advance

Several days later I was cleaning the property with the front doors open. [REDACTED] and his gang turn up and he said we have come for our personal things. I said that try belongs to you and those jacks do est. est. They removed there personal things then one of them started removing the CCTV I said the landlord said they do not belong to you, he said they do I said I am calling the landlord and went outside. I dialled 999 and called the police and said I am being burgled. I went back inside where he was still removing the CCTV and said you are not authorised to removed that [REDACTED] then came and pushed me aside and said try it! I said no sir..Then another member of his gang a female jumped in and started screaming and shouting at me, I went out side and just then I could hear a police siren getting loader. The criminals jumped in there vehicles and left the seen very quick. I wrote there registration numbers on the back of my hand. Then the police arrived and I gave them the registration number and they did there stuff. The officer dealing with the case said we will need a statement from you at some point and took my details and my landlords details down. Please note to this date that the police have not been back in touch with me about this incident

Several days later when I was cleaning I found a brand new pair of boxing gloves. I decided to get my chopping knife and duck taped it to a pole to protect myself should the criminals attempt to break entry like they have threatened to do so

On the 12 of May 2022 I was in the property. I could hear someone braking in round the side and the roller shutter door going up. Straight away I dial 999 and picked up my knife on my pole and said on the phone I am being burgled and gave them my address. I then when up to the glass door where I could see 3 people stood there. I stood about 1 foot away from the glass holding my knife on a pole and said stop! Don't come any closer the police are on there way. One of them said is that a knife I said yes its a knife. He said can you put the knife down please. I said I don't know who you are. He said we are the gas company and we have come to remove the gas meter. I said I will put the knife down if you promise not to come any further. He said I do. I put the knife down and he said who are you. I said I am the new tenant. He said can you prove this I said I will show you my tenancy agreement so long as you promise not to proceed any further. He said I will. I showed him

my tenancy agreement and held it up to the glass and he took photos of it then we waited for the police to arrive

The police arrived and bent copper said you are under arrest for affray. He did not read me my rights or caution me or asked if I understood and to the best of my knowledge this is an unlawful arrest. I was taken to the police station by 2 bent coppers. While I was in the police van bent copper was insistent to tell me that I will not be running Mollys bar and that it will never open again! Hence I conclude corrupt corporation (GMP) have made that decision prior to my arrest. Bent copper also said he knows the previous tenant [REDACTED] and that one of [REDACTED] closet relatives works for the police. Again I conclude that corrupt corporation (GMP) are protecting these criminal which would make sense why an office has not been back in touch with me to interview me about the previous burglary. While in the police van bent copper decided to lie to me about how I will be out of hear very soon. I got to the custody desk and the Sargent booked me in. I was then taken to a police cell where I waited to be interviewed.

Bent copper came along and took me to the interview room. As the interview begun again bent copper did not read my my rights or caution me or ask if I understood. Bent copper did not interview me about the event and did not ask my any questions about what had happened. He was more interested in pointing out the fact the I know have the right to have a weapon to defend my self with.

I was taken to my police cell and waited a while. Later on bent copper came along to lie to me again and said come on lets get you out of hear. When at the custody desk bent Sargent said we are charging you with common assault and because of the nature of the weapon we are keeping you in over night. Again to the best of my knowledge I do not believe this is a reasonable ground to keep me in over night and I will be raising this matter with my solicitor for my trial

I was kept in overnight and the morning after I was taken to court. When at court I asked for a solicitor and I was given one. I explained my side of event to him and he said this is not grounds for common assault and advised me to plea not guilty. When I was in the dock I pleaded not guilty and given unconditional bail and the trail was postponed. As I was taken down by the guard to be discharged the guard said that was bull shit! I then left the court

Dear Mr Beavor,

Re: Application to transfer premises licence and vary a premises licence to specify an individual as designated premises supervisor under the Licensing Act 2003

I write further to your application to transfer the premises licence and vary the designated premises supervisor (DPS) in relation to the above premises. These applications were received by the Licensing Authority on 3 May 2022.

On 13 May 2022 the Licensing Authority received a notice under Section 42 (6) and Section 37 (6) of the Licensing Act 2003 from Greater Manchester Police in objection to these applications, including a detailed account of their reasons, which I have attached for your information. These reasons, following your arrest on 12 May 2022 are considered by the Licensing Authority to be valid objections under the Act.

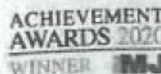

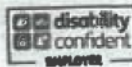

In accordance with the Licensing Act 2003, a Speaker's Panel (Liquor Licensing) hearing will be arranged to determine these applications. The Hearing has been scheduled to take place at Tameside 1, Market Place, Ashton Under Lyne, OL6 6BH, on Friday 17 June 2022 at 10am.

If it is your intention to withdraw your applications, please confirm this in writing to me via email. My email address is mike.robinson@tameside.gov.uk

Without Prejudice

Further to our previous telephone conversation yesterday. Again we the underwriters are referring to Mike Robinson's previous letter dated 25th of May 2022 in relation to "Greater Manchester Police's representation" enclosed with his letter. And we are rebutting the allegations made by "PC 13850 Foley" found in the "Greater Manchester's Police representation" point for point in the form of an "Statutory Declaration". Please find our Statutory Declaration enclosed. Please also find an amended version of our statement of facts and affairs for which we served on you on the

And furthermore to our telephone conversation we request that the hearing set for Friday 17th of June 2022 at 10 am be heard by a magistrates court. If Mike Robinson is unable to provide this then we request that all parties giving evidence at the hearing do so under oath.

As stated in the Statutory Declaration; PC Craig Foley has stated the following- Greater Manchester Police would urge the Licensing panel to reject the application while a criminal investigation is ongoing given the seriousness of the offence at the property where he is residing and planning to open a Licensed premise

And as stated again! There is no out come to this criminal investigation as of yet. And everything stated to date is no more then speculation and "hear say". James Beevor would like to point out the following laws

(a) Human rights act 1998, Article 6, Part 2

Everyone charged with a criminal offence shall be presumed innocent until proven guilty according to law

(b) Magna Carta 1215, Clause 39, "Presumptions of innocent"

No freeman is to be arrested or imprisoned or disseised, or outlawed, or exiled, or in any other way ruined, nor will we go against him or send against him, except by the lawful judgement of his peers or by the law of the land.

PC Craig Foley is making the presumption that I am guilty until proven innocent. And this is completely unlawful! I would ask all members of the Police, Council and the Panel to take this into consideration and uphold the common law of the land.

On the 12th of May 2022 Greater Manchester Police received a call for help from a bailiff acting on behalf of an energy company at an address of 4-6 George Street, Ashton-Under-Lyne, OL6 6AQ. They have attended Molly Malones to remove the gas meter as the property has an outstanding debit.

PC Craig Folly has failed to mention that Greater Manchester Police received a call for help from James Beevor prior to Greater Manchester Police receiving A call from the bailiff

PC Craig Folly has failed to mention that the out standing debt at the property was with the previous tenants

2. PC Craig Folly stated-

The bailiffs have encountered James Beevor living within the commercial property and he has refused the bailiffs entry and has made threats towards them with an adapted kitchen knife which has been taped to a long stick

James Beevor dose not live at this commercial property. James Beevor lives at residential property which the address can be found at the top of this letter. James Beevor was stopping there over night at the property to protect the belonging of the property because a criminal inside gang (the previous tenants) had burgled the property prior and had threatened to do so again! Further more, the readers of this statement should check with Greater Manchester Police to see what address James Beevor supplied to them while in custody

James Beevor did not make any threats what so ever towards the bailiffs.

3. PC Craig Folly stated-

The Police have been called and James Beevor was arrested for Affray, Common Assault and Possession of an offensive weapon

Under the Licensing Act 2003, under "Schedule 4 for Relevant Offences- Personal Licences". The above offences listed by PC Craig Foley are not classed as Relevant Offences and therefore are not relevant to this hearing

5. PC Craig Folly stated-

Greater Manchester Police would urge the Licensing panel to reject the application while a criminal investigation is ongoing given the seriousness of the offence at the property where he is residing and planning to open a Licensed premise
