Construction is due to commence in October 2022 with practical completion scheduled for Q3 2023.</p> <p>The buildings are being developed speculatively but with a dynamic of continued strong occupational demand and continued low supply availability.</p> <p>The buildings are of high specification and will obtain a BREEAM Very Good and EPC rating A</p> <p>Due diligence has been undertaken by both Avison Young and officers of the fund including a full site inspection.</p> <p>Please refer to the Avison Young report attached, which supports the purchase price of £12.18m.</p> <p>The acquisition is considered to be well suited to GMVF's current investment requirements by being a well-located asset in a favourable sector which has been difficult to obtain exposure. All portfolio construction investment guidelines continue to be met following the investment.</p> <p>The development will sit within Development Allocation of GMPVF. Once complete and leased, there is the option to transfer it to the Income Generating Allocation. This will be considered on merit once leasing has been completed.</p>
