# Our Budget Explained

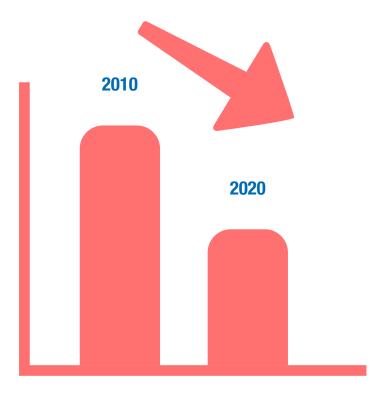

# THE ONGOING CHALLENGE

Between 2010 and 2020, local government faced cuts to funding from central government of £18.6 billion in real terms.

Local sources of income, including council tax, business rates and sales, fees and charges have therefore had to become increasingly important as a source of income to local government, forming an increasing proportion of the budget.

Since 2010, Tameside Council has had to save

#### more than £180 million.

This is due to a combination of rising costs, increasing demand for services and cuts in funding from central government.

Inflation continues to place significant pressures on our budgets. Money just doesn't go as far and increasing energy costs for buildings and street lighting as well as legacy impacts of Covid-19 continue to put pressures on our budget.

# THIS YEARS' CHALLENGE

With government support funding significantly decreased against current inflation levels, in setting a balanced budget for 2023/2024, the Council has to deal with almost

# £40 million

of additional economic and service pressures

# **HOW DO WE PLUG THE £40 MILLION GAP?**

# £15 million

Will be generated through additional income, for example increased levels of business rates and council tax, increased fees and charges, and new homes bonus.

# £20 million

Budget savings and efficiencies will have to be made in 23/24 whilst at the same time still protecting and delivering critical front line services.

# £5 million

By increasing overall Council Tax by **4.99**%

### WHAT THE RISE IN COUNCIL TAX MEANS FOR OUR RESIDENTS

4.99%

Increase means households will pay extra per week

<b>Band A</b>	<b>Band B</b>	<b>Band C</b>	<b>Band D</b>
£1.06	£1.23	£1.41	£1.59

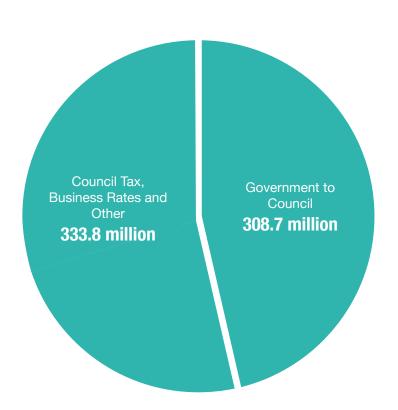

The additional income we raise from Council Tax will go straight back into services and especially those that support our most vulnerable residents such as providing a real living wage for our carers.

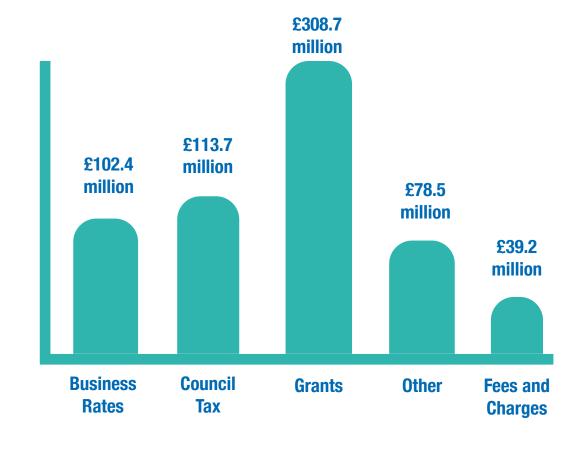

# WHAT WILL WE SPEND AND WHERE DOES IT COME FROM?

# Gross Annual Spend **£643 million**

#### **Council Tax, Business Rates, Grants, Fees/Charges and Other**

## WHAT SERVICES DO WE DELIVER WITH THAT MONEY?

Tameside Council is responsible for the delivery of a range of services from residential and nursing care for the elderly, through to street cleaning and bin collections. Many Services are statutory, meaning we have a legal obligation to provide them.

#### The main spending areas are:

# Schools £148m

Money handed directly to schools for them to decide how best to spend it.

# Adults £134m

Residential and nursing care. Community Response Service. Help to Live at home and learning disabilities

# Children and families £106m

Support for schools, care for vulnerable children incl. social care, looked after children, fostering and adoption. Early help for families and children's centres.

# Housing Benefit £53m

Housing benefit handled on behalf of the Government.

#### Neighbourhoods £50m

Maintenance of roads and public spaces. Collecting and emptying bins. Community safety and public protection. Libraries and culture.
Customer services.
Environment.

# Growth £43m

Investment in infrastructure. Digital initiatives. Skills and learning.

#### Levies £32m

Payment to Greater Manchester for transport infrastructure (TFGM) and waste disposal (GMWDA).

#### Population Health £16m

Programmes that support individuals to take control of their health and wellbeing.
Coordinating the response to the coronavirus.

The council has limited influence over some areas of spending such as schools and housing benefits as they are set by the government. As such savings to balance the budget have to be made from the other areas of spend.

# **EXAMPLES OF SERVICES PROVIDED:**

37,498 pupils taught across 98 schools

Maintain **26,000** street lights, 48,000 road drainage gullies, 1,155 kilometers of pavements, 758 kilometers of carriageways, 26 parks, 37 playgrounds and 15 Multi Use Games Areas, 32 sports pitches cut and marked out and inspect 35,000 trees on highways and green space

Had 200,430 visits to our libraries last year 5,475 visits to our local studies and archives centre

**39,750** visits to Portland Basin museum

**1,728** visits to Astley Cheetham Art Gallery

(note: covid restrictions impacted the museum and gallery, with PB requiring bookings for some of the year)

**448,912** issues of physical and digital items from the library service

**327** physical and digital events in Culture

669.682 engagements with cultural activities, events and venues both physically and digitally.

Answered 78,459 calls and webchats to the contact centre last year

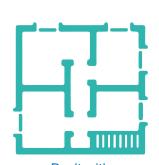

11 million bins collected

**75.000 tonnes** of household waste for recycling, composting and disposal

**Empty 50,000 domestic bins** and **200,000 recycling bins** per week

**898** Street Litter Bins emptied at least twice per week **4,451** complaints received regarding dumped waste

Dealt with 747 planning applications **772** Licensed Premises

# **EXAMPLES OF SERVICES PROVIDED:**

160,000
metres of ducting installed for
Digital Tameside

200 vehicles and items of plant

**8,182** supported through Housing Advice

Over 700
vulnerable residents each day

150
Hackney Carriage Vehicles Licensed
617
Private Hire Vehicles Licensed
786 Licensed Drivers

2202
residents supported to claim
4.2 million
pounds of welfare benefits
81%

households given emergency support through welfare rights 3,272

welfare and debt cases opened

350km
of carriageways treated during winter gritting operations
400 grit bins

**270km** of Public Rights of Way (public pootpaths)

# **EXAMPLES OF SERVICES PROVIDED:**

**886 people** in residential or nursing homes

Over 666 looked after children

We have visited or contacted **2,305 new mothers**to offer help and advice

Provide support to

2962 people

to live independently and remain in their own homes
