## **Tameside Improvement Plan 22/23**

## **Our Vision**

Our vision is that all children. young people and families in Tameside have the best start in life, to grow, thrive and achieve their best outcomes. Tameside organisations and communities work together to co-ordinate services to demonstrate improved overall wellbeing and quality of life for our children.

Improving the quality of

practice and consistency

Offer the right help, at the right time, locally at the earliest opportunity to deliver impact and change

**Everybody** is

confidently using

data protection

principles to share

information to help

children and

families

Help children

and families to

develop their own

solutions and

be ambitious

advocates

for them

**Everyone** understands and uses the thresholds to provide the right help and support that builds on strengths

**Our Priorities** 

Establish a new Improvement Board. Accountability Framework and Action Plan to measure and challenge improvement

Strong refreshed workforce recruitment and retention strategy and plan

**Our Children** and Family **Principles** and Values

All agencies work together through a multi-agency coordinated response for children and young people

risks, concerns and

identify solutions

with families

Grip and transparent challenge of the effectiveness of changed systems across partners to keep children safe

Deliver improvement in the consistency and quality of assessments and plans through a refreshed Quality Assurance We use the Signs of Safety practice model to consistently assess

Deliver an integrated family offer in the 4 locality areas of Tameside

Always listen **Drivers** Delivering better services

and measuring better

outcomes

and respond to the voices of children and

8 88 88 DON 1919

Safeguarding is everyone's responsibility - be curious, be brave, keep our focus on the child

persistent and curious - our workforce becomes more confident, assured and takes action to keep children safe

We are

Continue to Safely reduce the numbers of children who need our care and improve outcomes for those we care for and care leavers

Assure that Social Work and Early Help Practice is consistently high quality, responds directly to the voice of the child and /or young person and demonstrates positive impact and change to children's lives
