1 AN INTRODUCTION FROM THE CHAIR

- 1.1 Welcome to the Annual Report of the Audit Panel. The main purpose of this report is to allow the Council to demonstrate to residents, stakeholders and partners, the significance of the Audit Panel's role and the positive contribution it has made to the Council's overall governance arrangements during 2022/23.
- 1.2 The 2022/23 municipal year has been yet another year of challenge for local government in terms of the unprecedented demand on our services and extremely challenging prevailing economic environment. As the Council's committee whose remit it is to provide an independent and high-level focus on the adequacy of governance, risk and control arrangements, the Audit Panel has played a key role in maintaining oversight of these challenges during this year.
- 1.3 There have been a number of examples of this, most notably, in receiving regular assurance on the Council's corporate risks, including the mitigations in place to manage those risks; and updates from Internal Audit on their programme of planned work. The Panel has also received assurances from the External Auditor. Due to technical challenges in the audit process, there has been delays in concluding previous years' financial statements (from 2020/21). We look forward to progressing and resolving these issues in the coming year.
- 1.4 Looking forward to 2023/24 the Panel will continue its important work as well as continuing to develop its own effectiveness. Highlights for this year include oversight of the embedding of a new 'assurance model', which is best practice in integrating the disciplines of audit and risk. As part of this, the Panel will receive a refreshed internal audit plan linked to risk and oversee the implementation of the new approach to risk management by rationalising the corporate register and implementing the '3 lines' of assurance.
- 1.5 A new Audit Panel work plan is being introduced for 2023/24 and the Panel will also seek to further improve its own effectiveness by benchmarking itself against the latest CIPFA 2022 Position Statement for Audit Committees.
- 1.6 The Panel also looks forward to welcoming two new independent members in 2023/24, in Ian Duncan and Stuart Fair. Both come with a substantial amount of senior finance experience from within the sector. I am confident that they will add significant value including as a technical support to the Panel in its work.
- 1.7 I believe that the Audit Panel has taken significant steps this year to deliver the oversight necessary to strengthen the Council's governance and control arrangements. There will be continuing challenges facing the Council and the Panel, but the Panel has solid foundations on which to meet those challenges and ensure the Council's overall governance framework remains fit for purpose.
- 1.8 Finally, I would like to thank all members of the Audit Panel and the officers who have contributed to the important work of the Panel over the last 12 months. The Panel has appreciated the support and assurance it has received.

Councillor Jack Naylor, Chair of the Audit Panel
