Attended monthly

Training and Development

Attended as required

Achievements during the Year

I am proud of the work I have undertaken in the ward to support the community, especially in beginning to tackle the issue of ASB. I have assisted Prime Active Communities in accessing £14k of funding to secure their input for a further 40wks.

I have successfully bid for a further £10k + of funding for other community projects; in addition, a further £36k funding has been secured, from GMCA greenspaces funding, in partnership with Onward homes.

The work we have done across Longdendale, has often been supported by a core group of volunteers, for their time and commitment, I'd like to say a big Thank You !

Any other comments

I look forward to getting to know the residents and community groups in the new area, previously in Godley, that is now part of Longdendale. To setting up the Mottram tidy up group , and to speaking up for the people of Longdendale on issues that are important to them; the environment, transport, housing and services.
