Constituency Work and Local Issues

Over the year, I have successfully dealt with many pieces of casework, worked to forge links between business and the local community,

I have worked to attract business to the town a notable success being the taking over and transforming of Egmont Street parks old changing rooms into a community café with community space by Stalybridge based business Works4U.

I have worked with colleagues in the introduction of a town plan for Mossley,

I have worked with colleagues to look at establishing Mossley as the Arts and culture capital of Tameside.

I have taken part in litter picks; I have supported various other groups in the town.

Members Advice Surgeries

We continue to carry out our roving surgeries, which we find far more productive. I have a strong social media presence and welcome contact from members of the community any time by phone, email, social media messaging or just knocking on my front door.

Training and Development

I have taken part in member development sessions throughout the year.

Achievements during the Year

Bringing a new business to the town to take over an old derelict building bringing it back into use for

the community.

Any other comments

I have enjoyed the last 12 months and look forward to the coming year.
