23 February 2017

Dear Members

Audit Plan for Greater Manchester Pension Fund for the year ending 31 March 2017

This Audit Plan sets out for the benefit of those charged with governance (in the case of Greater Manchester Pension Fund, the Overview (Audit) Panel of Tameside MBC), an overview of the planned scope and timing of the audit, as required by International Standard on Auditing (UK & Ireland) 260. This document is to help you understand the consequences of our work, discuss issues of risk and the concept of materiality with us, and identify any areas where you may request us to undertake additional procedures. It also helps us gain a better understanding of the Fund and your environment. The contents of the Plan have been discussed with management.

We are required to perform our audit in line with Local Audit and Accountability Act 2014 and in accordance with the Code of Practice issued by the National Audit Office (NAO) on behalf of the Comptroller and Auditor General in April 2015. Our responsibilities under the Code are to give an opinion on the Fund's financial statements.

As auditors we are responsible for performing the audit, in accordance with International Standards on Auditing (UK & Ireland), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements which give a true and fair view.

The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change. In particular we cannot be held responsible to you for reporting all of the risks which may affect the Fund or all weaknesses in your internal controls. This report has been prepared solely for your benefit. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

We look forward to working with you during the course of the audit.

Yours sincerely

Mike Thomas

Understanding your business and key developments

Developments

Investment Regulations

The new investment regulations came into force on 1 November 2016 and require administering authorities to publish new Investment Strategy Statements by 1st April 2017. The statement must be in accordance with guidance issued by the Secretary of State and include a variety of information. This will include the authority's assessment of the suitability of particular investments and types of investments, the authority's approach to risk, including the ways in which risks are to be measured and managed and the authority's approach to pooling investments, including the use of collective investment vehicles and shared services. These regulations also provide the Secretary of State with the power to intervene in the investment function of a fund if he/she is satisfied that the authority is failing to act in accordance with the regulations.

The GMPF Pension Fund has produced its Investments Strategy Statement, which will be approved by the 1st April 2017.

Triennial actuarial valuation of the fund

The results of the triennial review have now been reported. Overall the funding level has reduced by 2.5% from the date of the last valuation, but remains comparatively well funded at 92.5%. The schemes assets and liabilities have increased, on for the first time the valuation include the MoJ transferred Pensions.

Key challenges

Pooling Governance

Arrangements for pooling of investments continue to develop, with DCLG expecting administering authorities to be transferring liquid assets from April 2018. The structure and governance of these arrangements will need to be implemented before this date. These arrangements are likely to have a significant impact on how the investments are managed, who makes decisions and how investment activities are actioned and monitored. Although much of this operational responsibility will move to the investment pool operator, it is key that administering authorities (through Pension Committees and Pension Boards) continue to operate strong governance arrangements, particularly during the transition phase where funds are likely to have a mix of investment management arrangements.

The proposal for pooling GMPF investments with Merseyside Pension Fund and the West Yorkshire Superannuation Fund (for combined assets of over £35bn) was submitted in July 2016 supported by a joint Memorandum of Understanding between the three Funds.

A formal response from the Government to the 'Northern Pool' proposal has yet to be received, however plans continue to be developed for the Pool's governance structure and operating model.

Financial reporting changes

CIPFA Code of Practice 2016/17 (the Code)

The main change to the Code for Pension Funds is the extension of the fair value disclosures required under the Code from 2016/17.

The greatest impact is expected to be for those Funds holding directly owned property and/or shares and Level 3 investments. These are reflected in CIPFA's pension fund example accounts alongside further changes including an analysis of Investment Management expenses in line with CIPFA's Local Government Pension Scheme Management Costs guidance, a realignment of investment classifications, and an additional disclosure note covering remuneration of key management personnel which has been included in related party transactions.

Earlier closedown

The Accounts and Audit Regulations 2015 require councils to bring forward the approval and audit of financial statements to 31 July by the 2017/2018 financial year. This will impact not only upon the production of the Fund accounts but also on earlier requests for information from employers within the Fund.

The Finance team confirm the financial statements will be prepared by 31st May, and working papers will be provided to enable the audit visit to commence 12 June 2017.

We aim to provide our opinion by 31 July 2017

Our response

- We will discuss with you your progress in implementing the requirements of the new investment regulations, highlighting any areas of good practice or concern which we have identified.
- We will discuss your progress in implementing revised governance structures, and share our experiences gained nationally.
- We aim to complete all our substantive audit work of your financial statements by 7th July 2017.
- As part of our opinion on your financial statements, we will consider whether your financial statements accurately reflect the changes in the 2016/17 Code

Materiality

In performing our audit, we apply the concept of materiality, following the requirements of International Standard on Auditing (UK & Ireland) (ISA) 320: Materiality in planning and performing an audit. The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law. An item does not necessarily have to be large to be considered to have a material effect on the financial statements. An item may be considered to be material by nature, for example, when greater precision is required (e.g. senior manager salaries and allowances).

We determine planning materiality (materiality for the financial statements as a whole determined at the planning stage of the audit) in order to estimate the tolerable level of misstatement in the financial statements, assist in establishing the scope of our audit engagement and audit tests, calculate sample sizes and assist in evaluating the effect of known and likely misstatements in the financial statements.

We have determined planning materiality based upon professional judgement in the context of our knowledge of the Fund. In line with previous years, we have calculated financial statements materiality based on a proportion of net assets for the Fund. For purposes of planning the audit we have determined overall materiality to be £173,246k (being 1% of net assets based on previous audited accounts). Our assessment of materiality is kept under review throughout the audit process and we will advise you if we revise this during the audit.

Under ISA 450, auditors also set an amount below which misstatements would be clearly trivial and would not need to be accumulated or reported to those charged with governance because we would not expect that the accumulation of such amounts would have a material effect on the financial statements. "Trivial" matters are clearly inconsequential, whether taken individually or in aggregate and whether judged by any criteria of size, nature or circumstances. We have defined the amount below which misstatements would be clearly trivial to be £8,662k.

ISA 320 also requires auditors to determine separate, lower, materiality levels where there are 'particular classes of transactions, account balances or disclosures for which misstatements of lesser amounts than materiality for the financial statements as a whole could reasonably be expected to influence the economic decisions of users'. We have identified the following items where separate materiality levels are appropriate:

Balance/transaction/disclosure	Explanation	Materiality level
Related party transactions	Due to public interest in these disclosures and the statutory requirement for them to be made.	£20,000

Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements; Judgments about materiality are made in light of surrounding circumstances, and are affected by the size or nature of a misstatement, or a combination of both; and Judgments about matters that are material to users of the financial statements are based on a consideration of the common financial information needs of users as a group. The possible effect of misstatements on specific individual users, whose needs may vary widely, is not considered. (ISA (UK and Ireland) 320)

Significant risks identified

An audit is focused on risks. Significant risks are defined by ISAs (UK and Ireland) as risks that, in the judgment of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Significant risk	Description	Audit procedures
The revenue cycle includes fraudulent transactions	<p>Under ISA (UK and Ireland) 240 there is a presumed risk that revenue streams may be misstated due to the improper recognition of revenue.</p> <p>This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.</p>	<p>Having considered the risk factors set out in ISA240 and the nature of the revenue streams at Greater Manchester Pension Fund, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:</p> <ul style="list-style-type: none"> • there is little incentive to manipulate revenue recognition • opportunities to manipulate revenue recognition are very limited • The split of responsibilities between the Pension Fund, its Fund Managers, Custodian and HSBC provides a clear separation of duties reducing the risks relating to investment income • The culture and ethical frameworks of local authorities, including the Pension Funds Administering Authority (Tameside MBC), mean that all forms of fraud are seen as unacceptable <p>Therefore we do not consider this to be a significant risk for Greater Manchester Pension Fund.</p>
Management over-ride of controls	<p>Under ISA (UK and Ireland) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities.</p>	<p>Work completed to date:</p> <ul style="list-style-type: none"> • Review of journal environment <p>Further work planned:</p> <ul style="list-style-type: none"> • Review of accounting estimates, judgments and decisions made by management • Walkthrough of journal entry process and selection of unusual journal entries for testing back to supporting documentation • Testing of Year end Journals • Review of unusual significant transactions

"Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, due to either size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates for which there is significant measurement uncertainty." (ISA (UK and Ireland) 315) . In making the review of unusual significant transactions "the auditor shall treat identified significant related party transactions outside the entity's normal course of business as giving rise to significant risks." (ISA (UK and Ireland) 550)

Significant risks identified (continued)

Significant risk	Description	Audit procedures
<p>Level 3 Investments – Fair value measurements priced using inputs not based on observable market data not correct. (Valuation is incorrect)</p>	<p>Under ISA 315 significant risks often relate to significant non-routine transactions and judgemental matters.</p> <p>Level 3 investments by their very nature require a significant degree of judgement to reach an appropriate valuation at year end.</p>	<p>Work completed to date:</p> <ul style="list-style-type: none"> Updated our understanding of the Pension Fund's procedures for investments <p>Further work planned:</p> <ul style="list-style-type: none"> For indirect property investments, test valuations to valuation reports and/or other supporting documentation. For a sample of private equity investments, test valuations to Fund Manager valuations and/or by obtaining and reviewing the audited accounts at latest date for individual investments and agreeing these to the fund manager reports at that date. Reconciliation of those values to the values at 31st March with reference to known movements in the intervening period. Review the qualifications of the fund managers as experts to value the level 3 investments at year end and gain an understanding of how the valuation of these investments has been reached. To review the nature and basis of estimated values and consider what assurance management has over the year end valuations provided for these types of investments.

Other risks identified

Reasonably possible risks (RPRs) are, in the auditor's judgment, other risk areas which the auditor has identified as an area where the likelihood of material misstatement cannot be reduced to remote, without the need for gaining an understanding of the associated control environment, along with the performance of an appropriate level of substantive work. The risk of misstatement for an RPR or other risk is lower than that for a significant risk, and they are not considered to be areas that are highly judgmental, or unusual in relation to the day to day activities of the business.

Reasonably possible risks	Description of risk	Audit procedures
Investment Income	Investment activity not valid. Investment income not accurate. (Accuracy)	<p>Work completed to date:</p> <ul style="list-style-type: none"> Updated our understanding of the Pension Fund's procedures for investments <p>Further work planned:</p> <ul style="list-style-type: none"> Perform walkthrough test of controls identified For investments held by fund managers, review reconciliation between custodian (JP Morgan), fund managers, HSBC and the Pension Fund and follow up any significant variance and gain appropriate explanations/evidence for these. For other investments,(e.g. direct property), agree a sample to supporting documentation.
Investment purchases and sales	Investment activity not valid. Investment valuation not correct.	<p>Work completed to date:</p> <ul style="list-style-type: none"> Updated our understanding of the Pension Fund's procedures for investments <p>Further work planned:</p> <ul style="list-style-type: none"> Perform walkthrough test of controls identified For investments held by fund managers, review reconciliation between JP Morgan, fund managers, HSBC and the Pension Fund and follow up any significant variance and gain appropriate explanations/evidence for these. For other investments,(e.g. direct property), agree a sample to supporting documentation for rental income

Other risks identified (continued)

Reasonably possible risks	Description of risk	Audit procedures
Investment values – Level 2 investments	Valuation is incorrect. (Valuation net)	<p>Work completed to date:</p> <ul style="list-style-type: none"> Updated our understanding of the Pension Fund's procedures for investments <p>Further work planned:</p> <ul style="list-style-type: none"> Perform walkthrough test of controls identified We will review the reconciliation of information provided by the fund managers, the custodian, the Accounting partner (HSBC) and the Pension Fund's own records and seek explanations for variances.. For direct property investments agree values in total to valuer's report and undertake steps to gain reliance on the valuer as an expert.
Contributions	Recorded contributions not correct (Occurrence)	<p>Work completed to date:</p> <ul style="list-style-type: none"> Updated our understanding of the Pension Fund's arrangements for recording contributions <p>Further work planned:</p> <ul style="list-style-type: none"> Perform walkthrough tests of controls identified Test a sample of contributions to source data to gain assurance over their accuracy and occurrence. Rationalise contributions received with reference to changes in member body payrolls and numbers of contributing pensioners to ensure that any unexpected trends are satisfactorily explained.
Benefits payable	Benefits improperly computed/claims liability understated (Completeness, accuracy and occurrence)	<p>Work completed to date:</p> <p>Updated our understanding of the Pension Fund's arrangements for gaining assurance over benefit payments.</p> <p>Further work planned:</p> <ul style="list-style-type: none"> Perform walkthrough test of controls identified Controls testing over, completeness, accuracy and occurrence of benefit payments, Test a sample of individual pensions in payment by reference to member files. We will rationalise pensions paid with reference to changes in pensioner numbers and increases applied in the year to ensure that any unusual trends are satisfactorily explained.

Other risks identified (continued)

Reasonably possible risks	Description of risk	Audit procedures
Member Data	Member data not correct. (Rights and Obligations)	<p>Work completed to date:</p> <ul style="list-style-type: none"> Updated our understanding of the Pension Fund's arrangements for maintaining member data. <p>Further work planned:</p> <ul style="list-style-type: none"> Perform walkthrough test of the controls identified Review of reconciliation of member numbers Sample testing of changes to member data made during the year to source documentation

"In respect of some risks, the auditor may judge that it is not possible or practicable to obtain sufficient appropriate audit evidence only from substantive procedures. Such risks may relate to the inaccurate or incomplete recording of routine and significant classes of transactions or account balances, the characteristics of which often permit highly automated processing with little or no manual intervention. In such cases, the entity's controls over such risks are relevant to the audit and the auditor shall obtain an understanding of them." (ISA (UK and Ireland) 315)

Other risks identified (continued)

Going concern

As auditors, we are required to “obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the entity's ability to continue as a going concern” (ISA (UK and Ireland) 570). We will review the management's assessment of the going concern assumption and the disclosures in the financial statements.

Other material balances and transactions

Under International Standards on Auditing, "irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure". All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in the previous sections but will include:

- Management expenses
- Cash deposits
- Level 1 investments
- Actuarial Valuation and Actuarial Present Value of Promised Retirement Benefits
- Financial Instruments

Other audit responsibilities

- We will read the Narrative Statement within 'Tameside MBC' statement of accounts and check that it is consistent with the statements on which we give an opinion and disclosures are in line with the requirements of the CIPFA Code of Practice.
- We will read the Pension Fund Annual Report and ensure that it is consistent with the Pension Fund Accounts included within Tameside MBC statement of accounts.

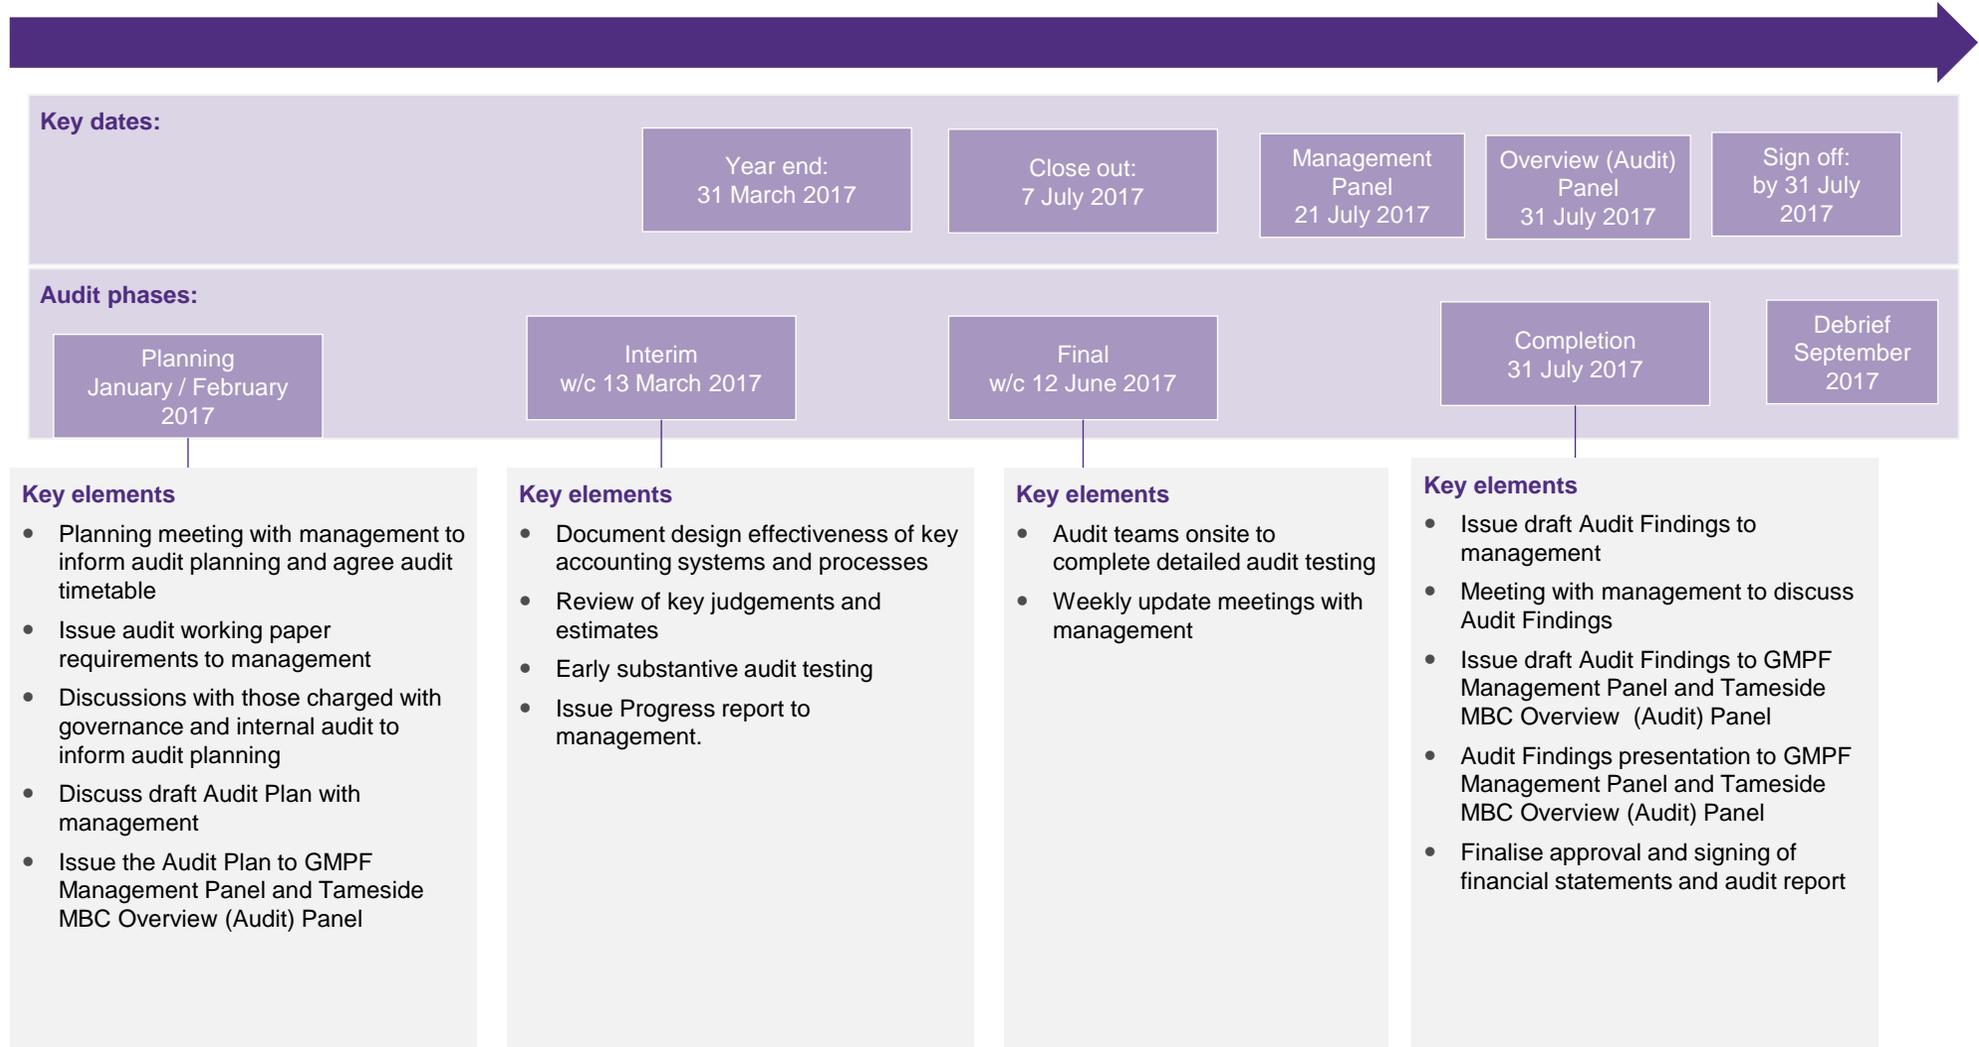

Results of interim audit work

The findings of our interim audit work, and the impact of our findings on the accounts audit approach, are summarised in the table below:

	Work performed	Conclusion
Internal audit	<p>We have completed a high level review of internal audit's overall arrangements. Our work has not identified any issues which we wish to bring to your attention</p> <p>We have also reviewed internal audit's work on the Fund's key financial systems to date. We have not identified any significant weaknesses impacting on our responsibilities.</p>	<p>Overall, we have concluded that the internal audit service provides an independent and satisfactory service to the Fund and that internal audit work contributes to an effective internal control environment.</p> <p>Our review of internal audit work has not identified any weaknesses which impact on our audit approach.</p>
Entity level controls	<p>We have obtained an understanding of the overall control environment relevant to the preparation of the financial statements including:</p> <ul style="list-style-type: none"> • Communication and enforcement of integrity and ethical values • Commitment to competence • Participation by those charged with governance • Management's philosophy and operating style • Organisational structure • Assignment of authority and responsibility • Human resource policies and practices 	<p>Our work has identified no material weaknesses which are likely to adversely impact on the Fund's financial statements</p>

The audit cycle

The audit timeline

Audit Fees

Fees

	£
Pension fund audit	56,341
IAS 19 fee	5,996
Total audit fees (excluding VAT)	62,337

Our fee assumptions include:

- Supporting schedules to all figures in the accounts are supplied by the agreed dates and in accordance with the agreed upon information request list
- The scope of the audit, and the Fund and its activities, have not changed significantly
- The Fund will make available management and accounting staff to help us locate information and to provide explanations
- The accounts presented for audit are materially accurate, supporting working papers and evidence agree to the accounts, and all audit queries are resolved promptly.

Fees for other services

Fees for other services are detailed on the following page, reflect those agreed at the time of issuing our Audit Plan. Any changes will be reported in our Audit Findings Report and Annual Audit Letter.

What is included within our fees

- A reliable and risk-focused audit appropriate for your business
- Invitations to events hosted by Grant Thornton in your sector, as well as the wider finance community
- Ad-hoc telephone calls and queries
- Technical briefings and updates
- Regular contact to discuss strategy and other important areas
- A review of accounting policies for appropriateness and consistency

Independence and non-audit services

Ethical Standards and ISA (UK and Ireland) 260 require us to give you timely disclosure of matters relating to our independence. In this context, we disclose the following to you:

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Auditing Practices Board's Ethical Standards and we confirm that we are independent and are able to express an objective opinion on the financial statements.

We confirm that we have implemented policies and procedures to meet the requirements of the Auditing Practices Board's Ethical Standards.

For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to Greater Manchester Pension Fund. The following audit related and non-audit services were identified for the Fund for 2016/17:

Fees for other services to GMPF

Service	Fees £	Planned outputs
Audit related		
None	Nil	
Non-audit related		
None	Nil	

Grant Thornton UK LLP also provides audit services to:

- Matrix Homes Limited Partnership for audit and accounts fees totalling £11,500*
- Greater Manchester and London Infrastructure Limited Partnership for audit and accounts fees of £9,600*

These are separate engagements outside the remit of Public Sector Audit Appointments Limited.

* based on previous years audited accounts

The amounts detailed are fees agreed to-date for audit related and non-audit services (to be) undertaken by Grant Thornton UK LLP (and Grant Thornton International Limited network member Firms) in the current financial year. Full details of all fees charged for audit and non-audit services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be included in our Audit Findings report at the conclusion of the audit.

Should any non-audit services be proposed we will ensure these services are consistent with the Administering Authority's policy on the allotment of non-audit work to your auditors .

Communication of audit matters with those charged with governance

International Standard on Auditing (UK and Ireland) (ISA) 260, as well as other ISAs (UK and Ireland) prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table opposite.

This document, The Audit Plan, outlines our audit strategy and plan to deliver the audit, while The Audit Findings will be issued prior to approval of the financial statements and will present key issues and other matters arising from the audit, together with an explanation as to how these have been resolved.

We will communicate any adverse or unexpected findings affecting the audit on a timely basis, either informally or via a report to the Fund.

Respective responsibilities

As auditor we are responsible for performing the audit in accordance with ISAs (UK and Ireland), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance.

This plan has been prepared in the context of the Statement of Responsibilities of Auditors and Audited Bodies issued by Public Sector Audit Appointments Limited (<http://www.psa.co.uk/appointing-auditors/terms-of-appointment/>)

We have been appointed as the Fund's independent external auditors by the Audit Commission, the body responsible for appointing external auditors to local public bodies in England at the time of our appointment. As external auditors, we have a broad remit covering finance and governance matters.

Our annual work programme is set in accordance with the Code of Audit Practice ('the Code') issued by the NAO and includes nationally prescribed and locally determined work (<https://www.nao.org.uk/code-audit-practice/about-code/>). Our work considers the Fund's key risks when reaching our conclusions under the Code.

The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

It is the responsibility of the Fund to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Fund is fulfilling these responsibilities.

Our communication plan	Audit Plan	Audit Findings
Respective responsibilities of auditor and management/those charged with governance	✓	
Overview of the planned scope and timing of the audit. Form, timing and expected general content of communications	✓	
Views about the qualitative aspects of the entity's accounting and financial reporting practices, significant matters and issues arising during the audit and written representations that have been sought		✓
Confirmation of independence and objectivity	✓	✓
