In addition, the latest version of the GM Brexit Monitor was appended to the report.

Members noted that the Brexit monitor identifies that strong growth continues and that a GM local survey also shows that recruitment and investment was holding steady. It was highlighted that economists has a pessimistic view regarding the longer term impact on the economy.

It was noted that following consultation with local businesses and civic leaders, Greater Manchester has identified 14 targeted asks to inform the UK's strategy for leaving the EU, mitigating the challenges and seizing those opportunities that Brexit would present and deliver an economy which works for localities, city regions, the North and the UK as a whole. These 14 targeted asks were summarised under the following headlines:-

- Industry and Trade – to continue to promote growth in trade
- Infrastructure and Place – to continue to invest in sub-national growth and regeneration.
- People and Skills – to raise the skills of the workforce.
- Leaving the EU – to understand the needs of cities and the North.

Thanks were offered to Councillors Rishi Shori and Peter Smith for their support with the Budget Scrutiny process.

In support of the recommendations, Councillor Quinn emphasised the importance of the repayment of transport reserves by GM local authorities, noting that there would be no impact this year, however the reserves were required to deliver the 2040 Transport Strategy.

18/17 GM RESPONSE TO GOVERNMENT'S CALL FOR EVIDENCE FOR THE DIGITAL INFRASTRUCTURE INVESTMENT FUND/EXTENDING LOCAL FULL FIBRE NETWORKS

Tony Lloyd, GM Interim Mayor, introduced a report which sought the agreement of Members in relation to the proposed response to the Call for Evidence which has been prepared with the input of industry, local authorities and the LEP.

The Chair noted that the fund of £400 million would not meet the aspirations for Greater Manchester but could be utilised to lever private sector investment. He also highlighted the need for the Government to target the voucher scheme available to land owners tendered local and not national need.

In welcoming the report, a Member suggested that the London model for the management of Wayleaves and Easements was a good approach for Greater Manchester and should be explored.

A Member suggested that the benefits of digital infrastructure investment should be available to all communities and businesses, highlighting the rural community in particular, and should not be determined solely on a commercially viable basis.

A Member suggested that the views of the Infrastructure Advisory Group would be helpful before submitting, highlighting the need to take a strategic and practical approach in the delivery of capital schemes to encourage digital infrastructure.

RESOLVED/-

To endorse the comments made by Members above and to agree that the five areas set out in this report are highlighted in the GM response to the Government's Call for Evidence.

19/17 GMCA INVESTMENT DIRECTOR

Councillor Kieran Quinn, Portfolio Lead for Investment Strategy and Finance, introduced a report which sought GMCA approval for the post of GM Chief Investment Officer within the GM Investment Team to be made permanent.

The report also provides an update on wider SSH Phase 2 activity to create a significant demonstrator programme.

In welcoming the report a Member highlighted that he was mindful that there may be cost implications regarding this programme and noted that social value was an important issue.

Tony Lloyd, GM Interim Mayor and Portfolio Lead for Transport, presented a report which updated the GMCA on the progress made on the Rail Stations Transfer Case for Change since presentation of the Strategic Outline Case in March 2016, and sought delegated authority for the Interim Mayor, Chief

Executive (TfGM) and Head of Paid Services to approve and submit the Case for Change to DfT and HMT.

A Member highlighted the significant underinvestment in rail facilities resulting in a large number of GM stations not compliant with DDA regulations. It was noted that recent improvements at Irlam Railway Station had involved public, private and 3rd sector organisation investment and was a good model.

RESOLVED/-

To note the report and to agree that authority be delegated to the Chief Executive (TfGM) and the Head of Paid Service, GMCA, in consultation with the GM Interim Mayor, to submit the case to HMT and DfT in spring 2017.

22/17 SMART TICKETING

Tony Lloyd, GM Interim Mayor and Portfolio Lead for Transport, presented a report advising Members of TfGM's plans for smart ticketing later this year and explaining TfGM proposals to partner with Transport for the North in order to deliver the "back office" infrastructure needed to support a future account based payment system.

In response to a comment from a Member, it was noted that TfGM in partnership with Transport for the North was keen to expand up on the successful "get me there" app which was used by Metrolink customers.

A Member suggested that officers look at potential partnerships with Transport for London (TfL) and the potential ability for a system which could operate around different areas. Members were advised that discussions had been held with TfL, however the technology they used would not work for GM. It was noted that discussions will continue with other areas in tandem.

RESOLVED/-

1. To note TfGM's plans to extend the availability and range of smart ticketing to Metrolink and multi-modal on smart cards from summer 2017.
2. To agree to partner with Transport for the North to develop the IT infrastructure needed to support contactless account-based ticketing in Greater Manchester and across the North.

23/17 METROLINK SERVICE PATTERNS

Tony Lloyd, GM Interim Mayor and Portfolio Lead for Transport, presented a report regarding Metrolink service patterns, in response to representations from local authorities and the decision of the Greater Manchester Scrutiny Pool, which presented four alternative service patterns which incorporate a direct link between Oldham, Rochdale and Piccadilly Rail Station. Members noted that these options were consistent with network constraints, operating

principles and future committed deliverables. It was also noted that all of these options will require additional modelling to confirm the impact on the network.

A Member welcomed the paper and the recent meeting with the Interim Mayor and Transport for Greater Manchester with a reminder that Oldham and Rochdale were areas of low income, without a direct link to Piccadilly Railway Station and highlighted that the lack of this link as a disadvantage in attracting inward investment to Oldham and connecting residents with work opportunities.

A Member highlighted the wider economic and regeneration benefits that Metrolink attracts in addition to direct connectivity as an enabler for further investment for Oldham and Rochdale and that the future work required was needed without delay.

A Member suggested that consideration of Metrolink fare tariffs was needed, particularly in relation to social value. Consideration was also needed regarding future schemes and the correlation with the Greater Manchester Spatial Framework.

A Member said that care was needed not to pitch one part of Greater Manchester against another and that transport was to serve the needs of the whole conurbation.

Members also highlighted the need for improvements to connectivity in other areas of the conurbation for people to access jobs and opportunities. A holistic approach to transport provision was needed.

RESOLVED/-

1. To note the contents of the report.
2. To observe the current proposed Second City Crossing (2CC) service pattern.
3. To note that following a meeting with the Interim Mayor, Leaders of Rochdale and Oldham and the Chair of TfGMC, work will commence immediately to determine, at high level, an option to service a Rochdale/Oldham to Piccadilly direct service and report back when complete.
4. To note that TfGM officers will, after 6 months of 2CC operation, conduct a line(s) specific survey and a network wide modelling exercise, to inform future service pattern development.
