

TAMESIDE & GLOSSOP SINGLE OUTCOMES FRAMEWORK

CORPORATE AIM

All Our Residents lead long, fulfilling and healthy lives

Corporate Objectives

People and Families living a full life and achieving their potential

Corporate Outcomes

Health & Social Care

People and families are healthy and well and when needed have access to high quality health & social care services

Community

People and families are safe, resilient and connected to others in positive and supportive communities, with the most vulnerable protected

Economic Growth

People have the skills and support to participate in the economy and their community and the infrastructure is in place to support our residents and businesses to achieve their potential

System Themes

Excellent Health & Social Care

Access to high quality health and social care services - helping our residents to live longer healthier lives

STRONGER COMMUNITIES

Building communities that look out for each other, take pride in the area they live and have access to quality homes

SUCCESSFUL LIVES

Enabling our young people to live in safe and supportive families and reach their full potential

VIBRANT ECONOMY

Providing more access to jobs and opportunities and improving connectivity across the area

DIGITAL TAMESIDE

Providing everyone with the opportunity to get on-line and have access to more digital services

Tameside & Glossop Single Outcomes Framework (SOF)

Key:

- Significantly better than England average
- Not significantly different from England average
- Significantly worse than England average
- No significance can be calculated

- should see change in the short term
- should see change in the medium term
- should see change in long term

England Key:

Regional/GM Key:

Corporate Priorities	Priority	GMS	Indicator	Period	Direction of Travel	Local Number	Local Value	Eng Avg	Eng Worst	England Range	Eng Best
Excellent Health & Care	9	1	Male healthy life expectancy	2013/15	↑	n/a	56.4	63.4	54.0		71.1
