Hi Ian I have had a think since are phone conversations I would like you to read my statement please
I am a worried neighbour to the Royal Oak public house the pub as been out of control for many
years now we have seen licences come and go each time it as got worse with the customers that go
in there the drugs fighting all the time bottles being thrown outside on to the road people not going
inside to use the toilet doing it in the door way as residents we don't sleep at night because of the
music shouting and fighting people don't want to walk past the pub because of abuse we get no
licencee is going to change what is going on at this pub the next thing that will be heard someone as
been very badly injured or killed at this pub and that will be put on the Licensinsing because there as
been a lot of complaints about this pub please think of the residents living in this area a lot of are
still decent people Thankyou
