

Tameside & Glossop Covid-19 Vaccination Programme

Strategic Neighbourhood Forum
January 2021

Aims of Vaccination

- To prevent morbidity (illness) and mortality (deaths) **by protecting those most vulnerable to covid**
- JCVI Priorities
 - Older age groups
 - Care Home residents and staff
 - Frontline health and social care workers who provide care to vulnerable people
 - Clinically Extremely Vulnerable

Note: pregnant women and those aged under 16 years will not be offered the vaccine at this stage

Covid Vaccine update

	Total number of people vaccinated (1 st dose)	Total vaccinations 1 st and 2 nd dose	% of population in cohorts 1-3	% of population in cohorts 1-4	Projected % (22 nd Jan) cohort 1-3
As at 15/01/2020	16,000	18,000	70.66%	45.69%	92.74%

- Approximately 90% of 80+ priority group now vaccinated
- NW average is 36% and national average is 35%
- Health inequalities analysis to be undertaken but access to vaccination data on the national systems is still an issue; working with GM to resolve
- The Safe Steps app shows that 96% of CH residents have given consent to be vaccinated
- Expected deliveries week beginning 18th Jan is 6,000 (4000 OAZ, 2000 Pfizer)
- No wastage and no stockpiling
- 75+ Housebound roll out starts on 18th Jan across all 5 PCNs – aim to complete within 10 days
- Ashton PCN site - Oxford Park - goes live 18th Jan

The Next Phase

AIM: further reduction in hospitalisation and targeted vaccination of those at high risk of exposure and/or those delivering key public services

Groups could include:

- Teachers
- Police / first responders
- Military
- Those involved in the justice system
- Transport workers
- Public servants essential to the pandemic response.

Next steps

- Open Ashton PCN site; Oxford Park
- Complete Priorities 1 – 3 for all PCNS including revisiting Care Homes
- Housebound +70 and appropriate care givers within the home
- Transfer of responsibility for wider health, social care and system staff to ICFT
- Review of activity data including health inequalities; identify if any areas or communities below where they should be and develop mitigating actions
- Review vaccination clinic staffing models; essential to maintain resilient General Practice
- Keep going!

The first phase of the NHS Covid-19 vaccination programme has started.

When it is the right time people will receive an invitation to come forward.

For most people this will be a letter, either from their GP or the national NHS.

This letter will include all the information you will need to book appointments, including your NHS number.

Please do not contact the NHS to get an appointment until you get this letter.

Information on the vaccine is available on the NHS.UK website.

HM Government

KEY FACTS ON VACCINES

After clean water, vaccination is the **most effective** public health intervention in the world for saving lives and promoting good health.

The [#COVIDvaccine](#) is here and that's great news for us all!

However, it may be some time before many of us will receive the vaccine it's important we continue to follow social distancing and other restrictions in place.

Find out more at nhs.uk/CovidVaccine.
