## **1. INTRODUCTION**

- 1.1 The information in this paper sets out the current situation for the Better Care Fund (BCF) and the development of 2021/22 BCF Plans.
- 1.2 The BCF is one of the government's national vehicles for driving health and social care integration. It requires CCG and local government to agree a joint plan, owned by the Health and Wellbeing Board (HWBB). These are joint plans for using pooled budgets to support integration, governed by an agreement under section 75 of the NHS Act (2006).
- 1.3 The response to the COVID-19 pandemic has demonstrated how joint approaches to the wellbeing of people, between health, social care and the wider public sector can be effective even in the most difficult circumstances.
- 1.4 Given the ongoing pressures in systems, there has been minimal change made to the BCF this year. The 2021/22 BCF policy framework was designed to build on progress made during the COVID-19 pandemic by strengthening the integration of commissioning and delivery of services and delivering person-centred care, as well as continuing to support system recovery from the pandemic.
- 1.5 The non-elective admissions metric has been replaced by a metric on avoidable admissions. This reflects better the focus of joint health and social care work to support people to live independently in their own home and prevent avoidable stays in hospital. Wider work on the metrics for the BCF programme will continue during the year to take into account improvements to data collection and to allow better alignment to national initiatives such as the Ageing Well programme.
- 1.6 As in previous years, the NHS contribution to the BCF includes funding to support the implementation of the Care Act 2014, which is set out via the Local Authority Social Services Letter.
- 1.7 Funding previously earmarked for reablement and for the provision of carers' breaks also remains in the NHS contribution.

## **2. BETTER CARE FUND 2021/22**

- 2.1 The national conditions for the BCF in 2021/22 are:-
  - a jointly agreed plan between local health and social care commissioners, signed off by the HWBB
  - NHS contribution to adult social care to be maintained in line with the uplift to CCG minimum contribution
  - invest in NHS commissioned out-of-hospital services
  - a plan for improving outcomes for people being discharged from hospital
- 2.2 Following the 2020 spending round the national CCG contribution to the BCF has risen in actual terms by 5.3% to £4,263 billion. Minimum contributions to social care have also increased by 5.3%.
- 2.3 There was a mandated overall increase of 5.05% to the CCG contribution to TMBC and 4.83% to Derbyshire County Council. This resulted in a contribution by the CCG to TMBC of £18,427k and Derbyshire of £2,622k for the BCF in 2021/22.
- 2.4 A return was completed in November 2021 setting out a detailed breakdown of the schemes being funded by the CCG contribution in 2021/22. A summary of the income and expenditure

for the BCF for Tameside can be found at **Appendix 1**. The key metrics for Tameside can be found at **Appendix 2**. A breakdown of the individual schemes funded by the BCF for Tameside can be found at **Appendix 3**.

- 2.5 A summary of the BCF income reported by Derbyshire is detailed at **Appendix 4**, which highlights the CCG contribution of £2,662k. In addition the breakdown of the major schemes funded in Derbyshire (spend >£500k) is detailed at **Appendix 5** and highlights the CCG contribution of £534k, which directly supports the Glossopdale Neighbourhood scheme. The remaining £2,128k helps support other schemes and services across Derbyshire, which Glossop residents will benefit from.

### **3. RECOMMENDATIONS**
